

An overview of Western Australia's creative industries

The cultural and creative industries are those areas of practice that turn original individual creativity into social and commercial outcomes. They draw on Western Australia's unique identity to produce new artistic, cultural and aesthetic-functional products and services for local, national and international markets.

Employment segments in the creative industries*

The three categories of creative employment, WA 2011

Creative employment by segment, WA 2011

Over two-thirds of WA's **Advertising and Marketing** workers are **embedded** in other sectors.

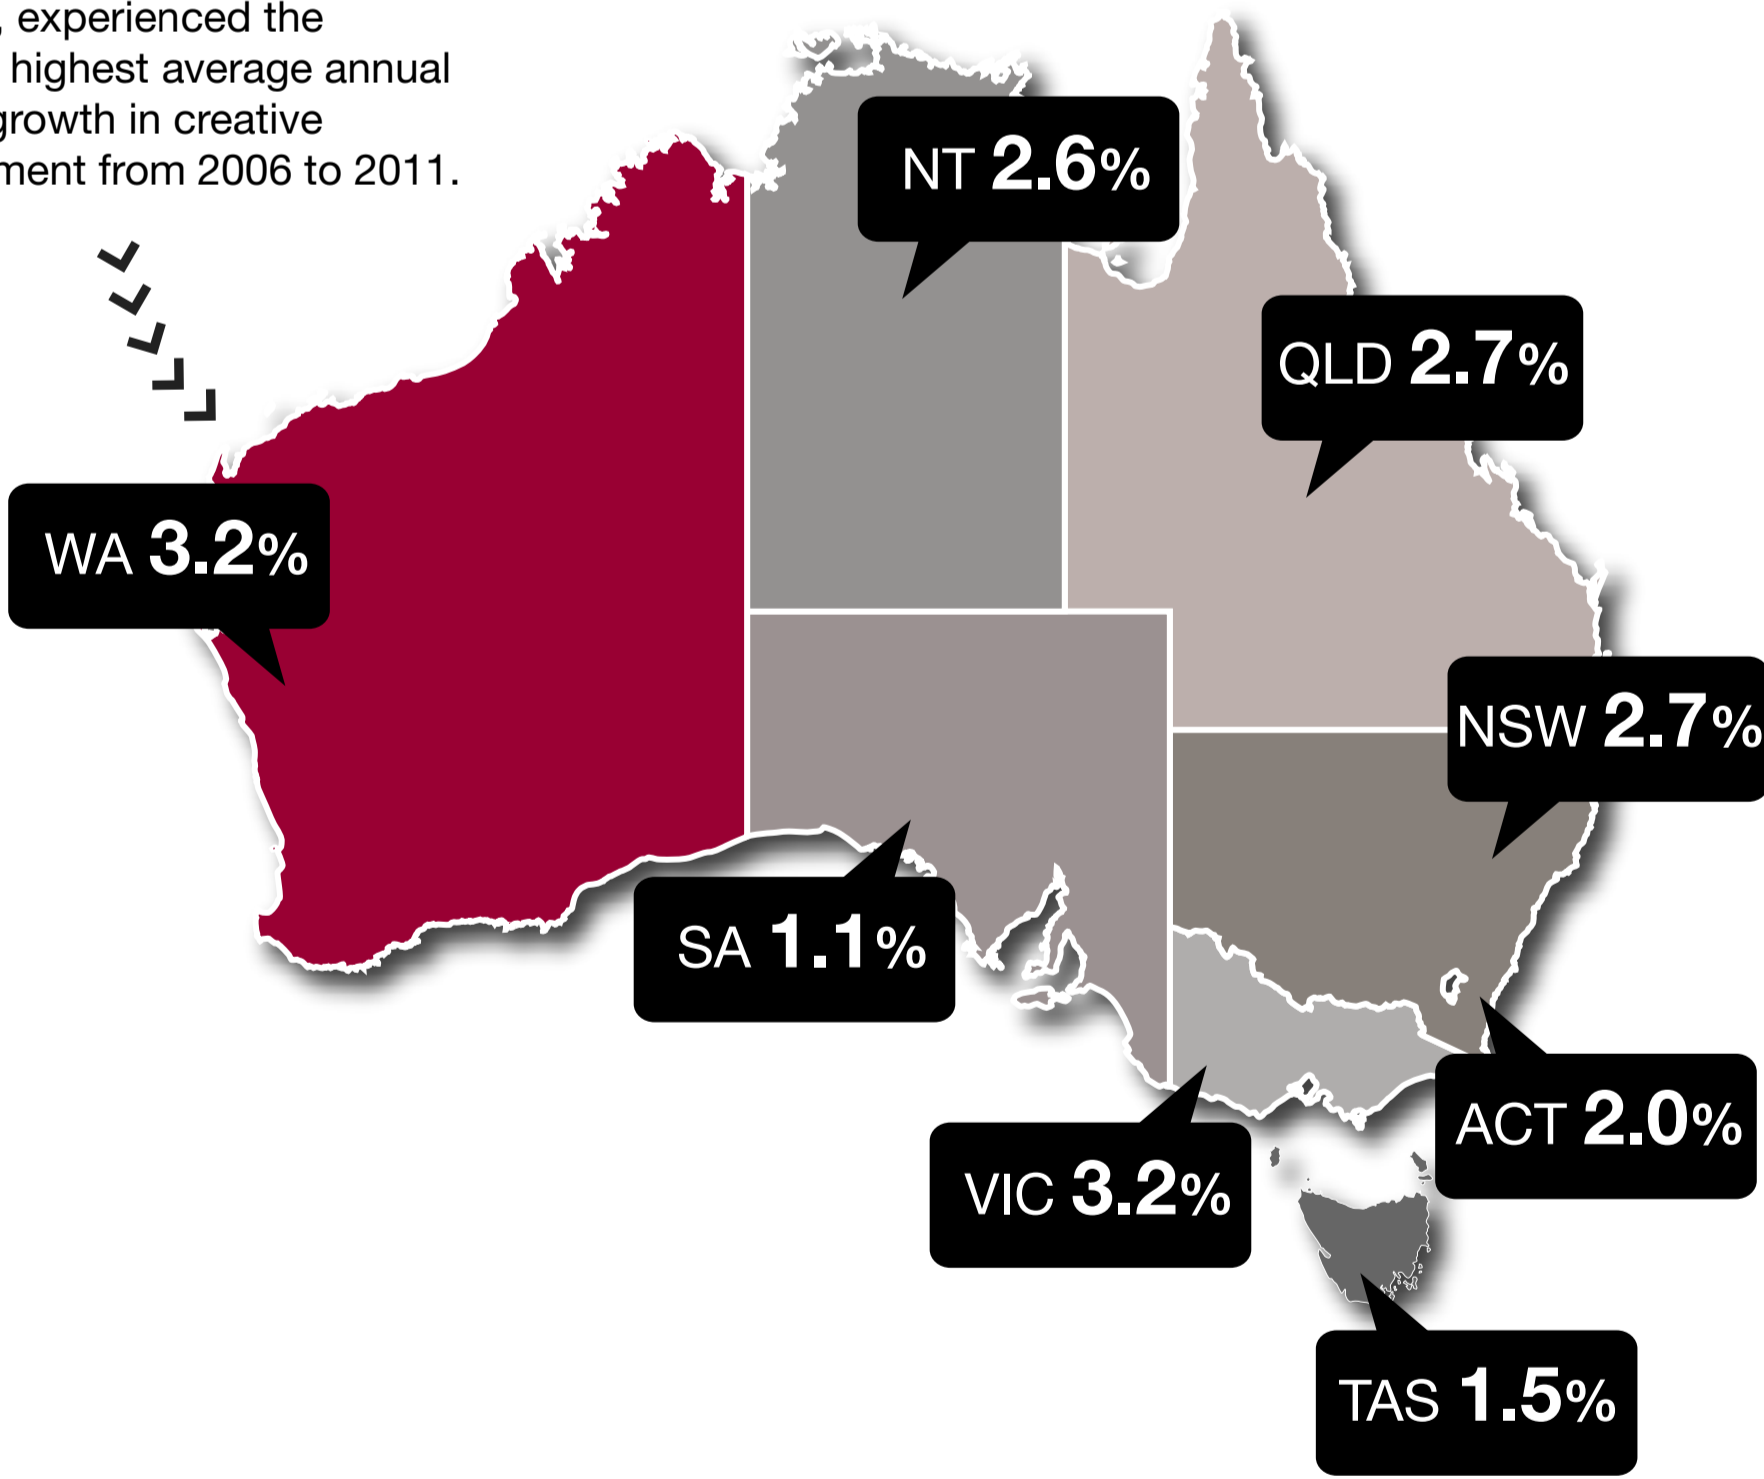

Software and Digital Content has WA's highest proportion of creative industries **support** staff.

Film, TV and Radio has WA's highest comparative percentage of **specialists**.

Average annual growth in creative employment 2006 to 2011
