**Subject:** Exmouth Shire's ability to enforce their regulations

TO the Hon David Templeman  
Minister for local government

I'm replying to you letter of 22 Mar 2019 [REDACTED]

I've been talking to Keith Woodward, and he's helped me understand the Shires problems.

And since the Local Gov Act 1995 is being reformed, i'd like to suggest one idea.

My main problem is the clean up for cyclones. At the moment there are no preemptive actions the shire can take!  
So my idea is to be able to fine the owners if some one complains and the clean up doesn't happen prior to a Blue alert.

I'm very nervous about loose items left in my neighbours yard, as they can kill!

Like most people, i have family to protect!

Cheers Brian Paskins
