Subject: Tax Deductible Capital Fund Raising

[REDACTED] [REDACTED]

Hi,
I would be interested to discuss the possibility of allowing regional councils the ability to raise capital from the community for capital projects by way of donation and making these donations tax deductible. I think this initiative could make a massive difference to regional shires trying to get large capital projects off the ground by way of an alternative funding source.

Happy to discuss further.

Regards,

SIMON MARSHALL
Deputy Chief Executive Officer
