<tbody>
<tr>
<td><strong>Theme 1: Early Intervention, Effective Regulation and Stronger Penalties</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>1.1 Early Intervention Powers</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- The Act provides the means to regulate the conduct of local government staff and council members and sets out powers to scrutinise the affairs of local government. The Act provides certain limited powers to:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Suspend or dismiss councils</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Appoint Commissioners</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Suspend or order remedial action (such as training) for individual councillors.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- The Act also provides the Director General with the power to:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Conduct Authorised Inquiries</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Refer allegations of serious or recurrent breaches to the State Administrative Tribunal</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Commence prosecution for an offence under the Act.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Authorised Inquiries are a costly and a relatively slow response to significant issues. Authorised Inquiries are currently the only significant tool for addressing significant issues within a local government.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- The Panel Report, City of Perth Inquiry and the Select Committee Report made various recommendations related to the establishment of a specific office for local government oversight.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>1.2 Local Government Monitors</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- There are currently no legislative powers for the provision of monitors/ temporary advisors.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- The DLSGO provides support and advice to local governments, however there is no existing mechanism for pre-qualified, specialised assistance to manage complex cases.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- A panel of Local Government Monitors would be established.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Monitors could be appointed by the Inspector to go into a local government and try to resolve problems.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- The purpose of Monitors would be to proactively fix problems, rather than to identify blame or collect evidence.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Monitors would be qualified specialists, such as:</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Experienced and respected former Mayors, Presidents, and CEOs - to act as mentors and facilitators</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Dispute resolution experts - to address the breakdown of professional working relationships</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Certified Practising Accountants and other financial specialists - to assist with financial management and reporting issues</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o Governance specialists and lawyers - to assist councils resolve legal issues</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>o HR and procurement experts - to help with processes like recruiting a CEO or undertaking a major land transaction.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Only the Inspector would have the power to appoint Monitors.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>- Local governments would be able to make requests to the Inspector to appoint Monitors for a specific purpose.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Current Local Government Position</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>

<td></td>
</tr>
<tr>
<td>management in local government. The Monitor visits the local government and identifies that the system used to manage rates is not correctly issuing rates notices. The Monitor works with the local government to rectify the error, and issue corrections to impacted ratepayers. <strong>Monitor Case Study 2 – Dispute Resolution</strong> The Inspector receives a complaint from one councillor that another councillor is repeatedly publishing derogatory personal attacks against another councillor on social media, and that the issue has not been able to be resolved at the local government level. The Inspector identifies that there has been a relationship breakdown between the two councillors due to a disagreement on council. The Inspector appoints a Monitor to host mediation sessions between the councillors. The Monitor works with the councillors to address the dispute. Through regular meetings, the councillors agree to a working relationship based on the council’s code of conduct. After the mediation, the Monitor occasionally makes contact with both councillors to ensure there is a cordial working relationship between the councillors.</td>
<td></td>
<td>As above</td>
<td></td>
</tr>
</tbody>
</table>

1.3 **Conduct Panel**

- The Local Government Standards Panel was established in 2007 to resolve minor breach complaints relatively quickly and provide the sector with guidance and benchmarks about acceptable standards of behaviour.
- Currently, the Panel makes findings about alleged breaches based on written submissions.
- The City of Perth Inquiry report made various recommendations that functions of the Local Government Standards Panel be reformed.

- The Standards Panel is proposed to be replaced with a new Local Government Conduct Panel.
- The Conduct Panel will be comprised of suitably qualified and experienced professionals. Sitting councillors will not be eligible to serve on the Conduct Panel.
- The Inspector would provide evidence to the Conduct Panel for adjudication.
- The Conduct Panel would have powers to impose stronger penalties – potentially including being able to suspend councillors for up to three months, with an appeal mechanism.
- For very serious or repeated breaches of the Local Government Act, the Conduct Panel would have the power to recommend prosecution through the courts.
- Any person who is subject to a complaint before the Conduct Panel would have the right to address the Conduct Panel before the Panel makes a decision.

WALGA Position:
- Support the proposed reforms, noting items 1.1, 1.2 and 1.3 generally align with WALGA Advocacy Position 2.5.8 - ‘Establish Office of Independent Assessor’
- As above, support,

Administration:
Supportive of proposal that will allow local governments to be able to make requests to the Inspector to appoint Monitors for specific purposes.

1.4 **Review of Penalties**

- There are currently limited penalties in the Act for certain types of non-compliance with the Local Government Act.
- Penalties for breaching the Local Government Act are proposed to be strengthened. It is proposed that the suspension of councillors (for up to three months) is established as the main penalty where a councillor breaches the Local Government Act or Regulations on more than one occasion.
- Councillors who are disqualified would not be eligible for sitting fees or allowances. They will also not be able to attend meetings, or use their official office (such as their title or council email address).
- It is proposed that a councillor who is suspended multiple times may become disqualified from office.
- Councillors who do not complete mandatory training within a certain timeframe will also not be able to receive sitting fees or allowances.

Current Local Government Position
Items 1.4 and 1.5 expand upon Advocacy Position 2.6.9 - ‘Stand Down Proposal’ WALGA supports, in principle, a proposal for an individual elected member to be ‘stood down’ from their duties when they are under investigation, have been charged, or when their continued presence prevents Council from properly discharging its functions or affects the Council’s reputation, subject to further policy development work being undertaken. Further policy development of the Stand Down Provisions must involve active consultation with WALGA and specific consideration of the following issues of concern to the Sector:

1. That the Department of Local Government endeavour to ensure established principles of natural justice and procedural fairness are embodied in all aspects of the proposed Stand Down Provisions; and
2. That activities associated with the term ‘disruptive behaviour’, presented as reason to stand down a defined Elected Member on the basis their continued presence may make a Council unworkable, are thoroughly examined and clearly identified to ensure there is awareness, consistency and opportunity for avoidance.

Comment
The Local Government sector has long-standing advocacy positions supporting stronger penalties as a deterrent to disruptive Council Member behaviours. Clear guidance will be required to ensure there is consistent application of the power given to Presiding Members.

Recommendation

</tr>
<tr>
<td><strong>1.6 Vexatious Complaint Referrals</strong></td>
<td>• Local governments already have a general responsibility to provide ratepayers</td>
</tr>
<tr>
<td>• The Act already provides a requirement for Public Question Time at council</td>
<td>members of the public with assistance in responding to queries about the local</td>
</tr>
<tr>
<td>meetings.</td>
<td>government’s operations. Local governments should resolve queries and complaints in a respectful, transparent and equitable manner.</td>
</tr>
<tr>
<td>• Unfortunately, local government resources can become unreasonably diverted when a person makes repeated vexatious queries, especially after a local government has already provided a substantial response to the person’s query.</td>
<td>1. Enabling the Information Commissioner to decline vexatious applicants similar to the provisions of section 114 of the Right to Information Act 2009 (QLD);</td>
</tr>
<tr>
<td>• It is proposed that if a person makes repeated complaints to a local government CEO that are vexatious, the CEO will have the power to refer that person’s complaints to the Inspectorate, which, after assessment of the facts may then rule the complaint vexatious.</td>
<td>2. Enabling an agency to recover reasonable costs incurred through the processing of a Freedom of Information access application where the application is subsequently withdrawn; and</td>
</tr>
<tr>
<td>• Modernisation to address the use of electronic communications and information.</td>
<td>3. Modernisation to address the use of electronic communications and information.</td>
</tr>
<tr>
<td><strong>1.7 Minor Other Reforms</strong></td>
<td>• Potential other reforms to strengthen guidance for local governments are being</td>
</tr>
<tr>
<td>• Other minor reforms are being considered to enhance the oversight of</td>
<td>considered.</td>
</tr>
<tr>
<td>• Potential other reforms to strengthen guidance for local governments are being considered.</td>
<td></td>
</tr>
<tr>
<td>Theme 2: Reducing Red Tape, Increasing Consistency and Simplicity</td>
<td></td>
</tr>
<tr>
<td>---------------------------------------------------------------</td>
<td></td>
</tr>
<tr>
<td>2.1 Resource Sharing</td>
<td></td>
</tr>
<tr>
<td>- The Act does not currently include specific provisions to allow for certain types of resource sharing – especially for sharing CEOs.</td>
<td></td>
</tr>
<tr>
<td>- Regional local governments would benefit from having clearer mechanisms for voluntary resource-sharing.</td>
<td></td>
</tr>
<tr>
<td>- Amendments are proposed to encourage and enable local governments, especially smaller regional local governments, to share resources, including Chief Executive Officers and senior employees.</td>
<td></td>
</tr>
<tr>
<td>- Local governments in bands 2, 3 or 4 would be able to appoint a shared CEO at up to two salary bands above the highest band. For example, a band 3 and a band 4 council sharing a CEO could remunerate to the level of band 1.</td>
<td></td>
</tr>
</tbody>
</table>

**Current Local Government Position**
- Item 2.1 aligns with Advocacy Position 2.6 – Local Government Legislation – Unified red tape and ‘de-clutter’ the extensive regulatory regime that underpins the Local Government Act and Advocacy Position 2.3.1 – ‘Regional Collaboration’.
- Local Governments should be empowered to form single and joint subsidiaries, and beneficial enterprises. In addition, compliance requirements of Regional Councils should be reviewed and reduced.

**Comment**
The proposed reforms will rely upon statutory provisions that enable and enhance regional collaboration. Recent over-regulation of Regional Subsidiaries in 2016 resulted in no subsidiaries being formed since that time.

**Recommendation**
- Supported

**WALGA Position**
- Supported.

**Administration**
- Comment 1: Supportive. Needs an incentive and those Local Governments that share a CEO should be rewarded, not just the CEO.
- Comment 2: Supportive, but with caveat. The function of the CEO is prescribed in the Act and they are ultimately responsible to each individual Council. Where the function of the CEO is shared across a number of local governments, what happens when one of the local governments is found to require oversight and/or intervention?

---

<table>
<thead>
<tr>
<th>2.2 Standardisation of Crossovers</th>
</tr>
</thead>
<tbody>
<tr>
<td>- It is proposed to amend the Local Government (Uniform Local Provisions) Regulations 1998 to standardise the process for approving crossovers for residential properties and residential developments on local roads.</td>
</tr>
<tr>
<td>- A Crossover Working Group has provided preliminary advice to the Minister and DLGSC to inform this.</td>
</tr>
<tr>
<td>- The DLGSC will work with the sector to develop standardised design and construction standards.</td>
</tr>
</tbody>
</table>

**Current Local Government Position**
- WALGA developed the Template Crossover Guidelines and Specification resource in 2017 and have been part of the Minister’s working group on red tape reduction that has been looking at standardisation of crossovers.

**Comment**
- WALGA has been working with the sector to develop standardised design and construction standards.

**Recommendation**
- Supported

**WALGA Position**
- Supported.

**Administration**
- Comments: Supported.

---

<table>
<thead>
<tr>
<th>2.3 Introduce Innovation Provisions</th>
</tr>
</thead>
<tbody>
<tr>
<td>- New provisions are proposed to allow exemptions from certain requirements of the Local Government Act 1995, for:</td>
</tr>
<tr>
<td>- Short-term trials and pilot projects</td>
</tr>
<tr>
<td>- Urgent responses to emergencies</td>
</tr>
</tbody>
</table>

**Current Local Government Position**
- There is currently no advocacy position in relation to Item 2.3.

**Comment**
- It is arguable communities expect all levels of Government will apply innovative solutions to complex and emerging issues difficult to resolve by traditional means. Exemptions constructed with appropriate checks and balances, particularly where expenditure of public funds are concerned, has potential to facilitate efficient and effective outcomes.

**Recommendation**
- Supported

**WALGA Position**
- Supported.

**Councillor Submission**
- Councillor Trail, submission attachment 008.

**Administration**
- Comment 1: Supported. However, Emergency Response to Landslip
### Current Provisions vs Proposed Reforms

<p>|</p>
<table>
<thead>
<tr>
<th><strong>Current Provisions</strong></th>
<th><strong>Proposed Reforms</strong></th>
<th><strong>WALGA Position &amp; Comments</strong></th>
<th><strong>City of Albany Officer Comment</strong></th>
</tr>
</thead>
</table>
| • Local laws are required to be reviewed every eight years. | • Proposed reforms would introduce greater consistency for approvals for:  
  - alfresco and outdoor dining  
  - minor small business signage rules  
  - running community events. | Supported | 
| • The review of local laws (especially when they are standard) has been identified as a burden for the sector. | | | 
| • Inconsistency between local laws is frustrating for residents and business stakeholders. | | | 

#### 2.4 Streamline Local Laws

- It is proposed that local laws would only need to be reviewed by the local government every 15 years.
- Local laws not reviewed in the timeframe would lapse, meaning that old laws will be automatically removed and no longer applicable.
- Local governments adopting Model Local Laws will have reduced advertising requirements.

**Current Local Government Position**

Items 2.4, 2.5 and 2.6 expand upon Advocacy Position 2.6.35 - 'Local law-making process should be simplified'. The Local Law making process should be simplified as follows:

- The requirement to give statewide notice should be reviewed, with consideration given to Local Governments only being required to provide local public notice;
- Eliminate the requirement to consult on local laws when a model is used;
- Consider deleting the requirement to review local laws periodically; Local Governments, by administering local laws, will determine when it is necessary to amend or revoke a local law; and
- Introduce certification of local laws by a legal practitioner in place of scrutiny by Parliament’s Delegated Legislation Committee.

**Comment:**

- Proposed reforms meet the Sector’s preference for simplified local law-making processes. Model local laws are supported, whilst recognising the models themselves will require review by State Government departments with the relevant head of power. For example, the Model Local Law (Standing Orders) 1998 formed the basis of many Local Government meeting procedures local laws but no review was completed. This model was superseded by individual local laws with added contemporary provisions. This pattern will repeat itself if model local laws are not reviewed to remain contemporary to the Sector’s requirements.
- **Recommendation:** Supported

| **WALGA Position:** | Supported. |
| **Councillor Submission:** | Councillor Thomson submission attachment 00C. |
| **Administration:** | Comment 1: Supported. |
| | Comment 2: Supported, noting inconsistency between local laws create frustration for residents and businesses. |

#### 2.5 Simplifying Approvals for Small Business and Community Events

- Inconsistency between local laws and approvals processes for events, street activation, and initiatives by local businesses is frustrating for businesses and local communities.

**WALGA Position:**

- Supported.

**Administration:**

- Comment: Supported.
- The costs associated with meeting the requirement of federal and/or state mandates will vary from community to community depending on the local situation.

Even in the best case scenario where mandates are paid for, ultimately local government must carry out the programs.

#### 2.6 Standardised Meeting Procedures, Including Public Question Time

| **As above** | **WALGA Position:** |
| | Supported. |
| **Administration:** | Comment: Supported. |
## CURRENT PROVISIONS
- Local governments currently prepare individual standing order local laws.
- The Local Government Act 1995 and regulations require local governments to allocate time at meetings for questions from the public.
- Inconsistency among the meeting procedures between local governments is a common source of complaints.

## PROPOSED REFORMS
- To provide greater clarity for ratepayers and applicants for decisions made by council, it is proposed that the meeting procedures and standing orders for all local government meetings, including for public question time, are standardised across the State.
- Regulations would introduce standard requirements for public question time, and the procedures for meetings generally.
- Members of the public across all local governments would have the same opportunities to address council and ask questions.

## WALGA POSITION & COMMENTS
- As above
- **WALGA Position:**
  - Supported.
- **Administration:**
  - Comment: Supported.

### 2.7 Regional Subsidiaries
- Initiatives by multiple local governments may be managed through formal Regional Councils, or through less formal ‘organisations of councils’, such as NEVROC and WESROC.
- These initiatives typically have to be managed by a lead local government.
- In 2016-17, provisions were introduced to allow for the formation of Regional Subsidiaries. Regional Subsidiaries can be formed in line with the Local Government (Regional Subsidiaries) Regulations 2017.
- So far, no Regional Subsidiary has been formed.

- Work is continuing to consider how Regional Subsidiaries can be best established to:
  - Enable Regional Subsidiaries to provide a clear and defined public benefit for people within member local governments.
  - Provide for flexibility and innovation while ensuring appropriate transparency and accountability of ratepayer funds.
  - Where appropriate, facilitate financing of initiatives by Regional Subsidiaries within a reasonable and defined limit of risk.
  - Ensure all employees of a Regional Subsidiary have the same employment conditions as those directly employed by member local governments.

### Current Local Government Position
- Item 2.7 alludes with Advocacy Position 2.3.1 - Regional Collaboration
- Local Government should be empowered to form single and joint subsidiaries, and benefit enterprises. In addition, compliance requirements of Regional Councils should be reviewed and reduced.
- **Comment**
  - Under the Regional Subsidiary model, two or more Local Governments are able to establish a regional subsidiary to undertake a shared service function on behalf of its constituent Local Governments. The model provides increased flexibility when compared to the Regional Local Government model because regional subsidiaries are primarily governed and regulated by a charter rather than legislation. While the regional subsidiary model’s governance structure is primarily representative, the model also allows independent and commercially focussed directors to be appointed to the board of management.
  - A key advantage of the regional subsidiary model is the use of a charter, as opposed to legislation, as the primary governance and regulatory instrument. Accordingly, the legislative provisions governing the establishment of regional subsidiaries should be light, leaving most of the regulation to the regional subsidiary charter, which can be adapted to suit the specific circumstances of each regional subsidiary.
- **Recommendation**
  - Supported

### Theme 3: Greater Transparency & Accountability
#### 3.1 Recordings and Live-Streaming of All Council Meetings
- Currently, local governments are only required to make written minutes of meetings.
- While there is no legal requirement for live streaming or video or audio recording of council meetings, many local governments now stream and record their meetings.
- Complaints relating to behaviours and decisions at meetings constitute a large proportion of complaints about local governments.
- Local governments are divided into bands with the largest falling in bands 1 and 2, and smaller local governments falling bands 3 and 4. The allocation of local governments into bands is determined by The Salaries and Allowances Tribunal based on factors such as growth and development.

- It is proposed that all local governments will be required to record meetings.
  - Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives.
  - Band 1 and 2 are larger local governments are generally located in larger urban areas, with generally very good telecommunications infrastructure, and many already have audio-visual equipment.
  - Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives.
  - Several local governments already use platforms such as YouTube, Microsoft Teams, and Vimeo to stream and publish meeting recordings.
  - Limit exceptions would be made for meetings held outside the ordinary council chambers, where audio recordings may be used.
  - Recognising their generally smaller scale, typically smaller operating budget, and potential to be in more remote locations, band 3 and 4 local governments would be required to record and publish audio recordings, at a minimum. These local governments would still be encouraged to livestream or video record meetings.
  - All council meeting recordings would need to be published at the same time as the meeting minutes. Recordings of all confidential items would also need to be submitted to the DLGSC for archiving.

#### Current Local Government Position
- Item 3.1 expands upon Advocacy Position 2.6.3 - Promote a size and scale compliance regime and Advocacy Position 2.6.31 - Attendance at Council Meetings by Technology
- Local Governments introducing electronic meeting procedures and the means for remote public attendance in response to the COVID-19 pandemic led to a swift uptake of streaming Council meetings.
- **Comment**
  - Local Governments introducing electronic meeting procedures and the means for remote public attendance in response to the COVID-19 pandemic led to a swift uptake of streaming Council meetings.
  - The proposed reform that Band 1 and 2 Local Governments will only be problematic where technical capability such as reliable bandwidth impacts the district.
- **Recommendation**
  - Supported

#### WALGA Position:
- **WALGA Position:**
  - Supported.
- **Councillor Submission:**
  - Councillor Thomson submission attachment 00C.
- **Administration:**
  - Comment: There are a number of pros and cons in regards that should be explored, for example:
    - Increased transparency is a positive, however risks included the potential for the stream to detract from robust debate and the liability implications for council in regards to defamation proceedings.
    - It should be within Council’s power to determine whether it wishes to record and/or live stream Council meetings by either audio or visual (or both).
    - Ultimately is the debate between elected members that is important, which leads to the final decision.

<thead>
<tr>
<th>3.3 Clearer Guidance for Meeting Items that may be Confidential</th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
</table>
| • The Act currently provides broad definitions of what type of matters may be discussed as a confidential item.  
 • There is limited potential for review of issues managed as confidential items under the current legislation. | • Recognising the importance of open and transparent decision-making, it is considered that confidential meetings and confidential meeting items should only be used in limited, specific circumstances.  
 • It is proposed to make the Act more specific in prescribing items that may be confidential, and items that should remain open to the public.  
 • Items not prescribed as being confidential could still be held as confidential items only with the prior written consent of the Inspector.  
 • All confidential items would be required to be audio recorded, with those recordings submitted to the DLGSC. | **Current Local Government Position**  
 There is currently no advocacy position in relation to Item 3.3.  
 **Comment**  
 Clarifying the provisions of the Act has broad support within the sector. New reforms requiring Local Governments to video or audio record Council meetings (Item 3.1) will add to the format of proceedings that includes written Minutes. While being supported, the requirement to provide audio recordings of confidential matters to the DLGSC is queried on the basis that written and audio records can be readily accessed from a Local Government if required.  
 **Recommendation**  
 • Supported | WALGA Position:  
 • Supported.  
 Administration:  
 Comment: Support. |

<table>
<thead>
<tr>
<th>3.4 Additional Online Registers</th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
</table>
| • Local governments are required to provide information to the community through annual reports, council minutes and the publication of information online.  
 • Consistent online publication of information can substitute for certain material in annual reports.  
 • Consistency in online reporting across the sector will provide ratepayers with better information.  
 • These registers supplement the simplification of financial statements in Theme 8. | • It is proposed to require local governments to report specific information in online registers on the local government’s website. Regulations would prescribe the information to be included.  
 • The following new registers, each updated quarterly, are proposed:  
  o Lease Register to capture information about the leases the local government is party to (either as lessor or lessee)  
  o Community Grants Register to outline all grants and funding provided by the local government  
  o Interests Disclosure Register which collates all disclosures made by elected members about their interests related to matters considered by council  
  o Applicant Contribution Register accounting for funds collected from applicants contributions, such as cash-in-lieu for public open space and car parking  
  o Contracts Register that discloses all contracts above $100,000. | **Current Local Government Position**  
 There is currently no advocacy position in relation to Item 3.4.  
 **Comment**  
 This proposal follows recent Act amendments that ensure a range of information is published on Local Government websites. WALGA has sought clarity that the contracts register excludes contracts of employment.  
 **Recommendation**  
 • Supported | WALGA Position:  
 • Supported.  
 Administration:  
 Comment 1: Support.  
 Comment 2: The following registers are currently published on the City’s website:  
 • Register of Complaints Resulting in Action  
 • Register of Delegations & Authorisations  
 • Register of Disclosures (Financial, Proximity & Impartiality Interests)  
 • Register of Elected Member Mandatory Training  
 • Register of Electoral  
 • Register of fees & allowances paid to elected members  
 • Register of Gifts (includes travel & hospitality)  
 • Register of Primary & Annual Returns  
 • Register of Tenders 2021  
 **Comment 2:**  
 • **Lease register:** Commercial terms of leases, debate as to whether or not commercial terms of a lease should be made public?  
 • **Contracts Register:** why the $100k threshold? Already a requirement under 17 of the LO Functions & General Regs to publish Tenders register on website (our tenders have $250k threshold per purchasing policy).
### 3.5 Chief Executive Officer Key Performance Indicators (KPIs) be Published

- It is a requirement of the Local Government Act 1995 that CEO performance reviews are conducted annually.
- The Model Standards for CEO recruitment and selection, performance review and termination require that a local government must review the performance of the CEO against contractual performance criteria.
- Additional performance criteria can be used for performance review by agreement between both parties.

<table>
<thead>
<tr>
<th>Current Local Government Position</th>
</tr>
</thead>
<tbody>
<tr>
<td>There is currently no advocacy position in relation to Item 3.5.</td>
</tr>
</tbody>
</table>

**Comment**
In principle, this proposal has some merit and would be particularly effective if all CEO KPIs consistently reflect Strategic Community Plans and Corporate Business Plans of Local Governments, together with KPIs reflective of the CEO’s statutory functions under Section 5.41 of the Act. This approach would inform the community of the CEO’s performance related to the strategic direction and operational function of the Local Government.

In practice, the drafting of statutory provisions will require sensitive consideration of certain KPIs i.e., those relating to issues affecting the workplace or identified risk-based concerns, to reflect the way Audit Committees currently deal with some internal control, risk and legislative compliance issues confidentially. This approach will protect the interests of Local Governments and other parties associated with such KPIs. It would be prudent for exemptions to be provided, based on matters of confidentiality.

The proposed reforms and recent Act amendments signal a clear intent to permit closer community involvement and scrutiny of Local Government. However, negative consequences are likely if Local Government Council’s responsibility as the employing authority of the CEO becomes blurred due to perceived community entitlement to comment, question and influence KPIs and the performance review process.

Additionally, the publication of CEO KPIs will elevate this employment position to a high degree of public scrutiny seldom evident in the public or private sector, if at all. It is worth investigating whether the proposed reforms considered whether this factor could impact on the recruitment of CEO’s, particularly from outside the Local Government sector.

The results of performance reviews should be confidential information between the employer and employee and should not be published and should remain within the confidential human resource records of the organization.

**Recommendation**
1. Conditionally Support the reporting of CEO KPIs that are consistent with the strategic direction and operational function of the Local Government, subject to exemptions for publishing KPI’s of a confidential nature;
2. Do not support the results of performance reviews being published.

### Theme 4: Stronger Local Democracy and Community Engagement

#### 4.1 Community and Stakeholder Engagement Charters

- There is currently no requirement for local governments to have a specific engagement charter or policy.
- Many local governments have introduced charters or policies for how they will engage with their community.
- Other States have introduced a specific requirement for engagement charters.

<table>
<thead>
<tr>
<th>Current Local Government Position</th>
</tr>
</thead>
<tbody>
<tr>
<td>Items 4.1 and 4.2 generally align with Advocacy Position 2.6.34 - ‘Support responsive, aspirational and innovative community engagement principles’ The Local Government sector supports: 1. Responsive, aspirational and innovative community engagement principles 2. Encapsulation of aims and principles in a community engagement policy and 3. The option of hosting an Annual Community Meeting to present on past performance and outline future prospects and plans.</td>
</tr>
</tbody>
</table>

**WALGA Position**
- Supported.

**Administration**
- Comment: Supported, noting the City of Albany has already adopted a policy position, through the endorsement of the Communications & Engagement Strategy.

<table>
<thead>

<th>CITY OF ALBANY OFFICER COMMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.2 Ratepayer Satisfaction Surveys (Band 1 and 2 local governments only)</td>
<td>▪ Many local governments already commission independent surveying consultants to hold a satisfaction survey of residents’/ratepayers. These surveys provide valuable data on the performance of local governments.</td>
<td>▪ It is proposed to introduce a requirement that every four years, all local governments in bands 1 and 2 hold an independently-managed ratepayer satisfaction survey. Results would be required to be reported publicly at a council meeting and published on the local government’s website. All local governments would be required to publish a response to the results.</td>
<td>Comment: 2: Fully agree with WALGA’s recommendation.</td>
</tr>
</tbody>
</table>

| 4.3 Introduction of Preferential Voting | ▪ The current voting method for local government elections is first past the post. The existing first-past-the-post does not allow for voters to express more than one preference. The candidate with the most votes wins, even if that candidate does not have a majority. Preferential voting better captures the precise intentions of voters and as a result may be regarded as a fairer and more representative system. Voters have more specific choice. | ▪ Preferential voting is proposed be adopted as the method to replace the current first past the post system in local government elections. In preferential voting, voters number candidates in order of their preferences. Preferential voting is used in State and Federal elections in Western Australia (and in other states). This provides voters with more choice and control over who they elect. All other states use a form of preferential voting for local government. | WALGA Position: ▪ As above, Supported. Administration: ▪ Comment: Support, recommend survey is conducted every two years. |

| Current Local Government Position | Item 4.3 does not align with Advocacy Position 2.5.1 – ‘First Past the Post voting system’. The Local Government sector supports: 1. Four year terms with a two year spill 2. Greater participation in Local Government elections 3. The option to hold elections through: ▪ Online voting ▪ Postal voting; and ▪ In-person voting 4. Voting at Local Government elections to be voluntary 5. The first past the post method of counting votes | | |

| Comment | It should be noted that the sector’s advocacy against compulsory voting and ‘All in All out’ 4 year terms has been successful and these items are not included in the reform proposals. The introduction of preferential voting will be a return to the system of voting prior to the Local Government Act 1995. The Local Government Advisory Board reported on voting systems in 2006 (Local Government Structural Reform in Western Australia: Ensuring the Future Sustainability of Communities) and provided the following comments in support of both first past the post voting and preferential voting: 'Comments in support of retaining first past the post include: ▪ Quick to count. Preferential voting is time consuming to count ▪ Easily understood ▪ Removes politics out of campaigning. Preferential will encourage alliances formed for the distribution of preferences and party politics into local government. ▪ Preferential voting allows election rigging through alliances or ‘dummy’ candidates. ▪ In a preferential system, the person that receives the highest number of first preference votes does not necessarily get elected.' 'Comments in support of replacing first past the post include: ▪ Preferential voting is more democratic and removes an area | WALGA Position: ▪ Not currently supported - Local Government feedback requested |

<p>| Councillor Submission: | Councillor Trail, submission attachment 006. Councillor Thomson submission attachment 00C. | Administration: ▪ Comment 1: Not supported, not broken. ▪ Comment 2: Ultimately, up to Council to consider. My view, based on previous trial: 'The First Past the Post (FPP) voting system should remain (if it is not broken, why fix it)? Noting other states, is there a desire for the State to encourage and facilitate increased party politics in local government elections. This is based on the following reasoning: ▪ An FPP election is easily understood by electors and easier to administer (i.e. counted more quickly). ▪ Preferential voting encourages alliances to be formed for the distribution of preferences, and facilitates increased party politics in local government elections, an FPP election removes or minimises the ‘politics’ in election campaigns; ▪ Under preferential voting the election process can be manipulated through the use of alliances or ‘dummy’ candidates, an FPP election minimises this risk. |</p>

<th>WALGA POSITION &amp; COMMENTS</th>
<th>CITY OF ALBANY OFFICER COMMENT</th>
</tr>
</thead>
</table>

#### 4.6 No Wards for Small Councils (Band 3 and 4 Councils only)

- A local government can make an application to be divided into wards, with councillors elected to those wards.
- Only about 10% of band 3 and 4 local governments currently have wards.

- It is proposed that the use of wards for councils in bands 3 and 4 is abolished.
- Wards increase the complexity of elections, as this requires multiple versions of ballot papers to be prepared for a local government's election.
- In smaller local governments, the population of wards can be very small.
- These wards often have councillors elected unopposed, or elect a councillor with a very small number of votes. Some local governments have ward councillors elected with less than 50 votes.
- There has been a trend in smaller local governments looking to reduce the use of wards, with only 10 councils in bands 3 and 4 still having wards.

**Current Local Government Position**

There are no advocacy positions in relation to items 4.6, 4.7, 4.8 or 4.9.

**Comment**

The proposed reform to discontinue wards in Band 3 and 4 Local Governments brings alignment with the majority and provides that affected Local Governments will no longer have to conduct 8 year ward reviews or make representation to the Local Government Advisory Board to revert to a no wards system.

**Recommendation**

- Recommend to keep the number of councillors constant per Local Government.

**WALGA Position**

- Supported, noting there are no advocacy positions in relation to Items 4.6, 4.7, 4.8 or 4.9.

**Administration**

- Comment 1: No position.
- Comment 2: Council resolved in March 2015, Resolution CSF/155: THAT:
  1. Based on the response from the community, Council retain the six ward system with 12 elected representatives.
  2. Ward Boundaries be adjusted to provide an equitable and fair representation for each ward (As per Officer’s Report Submission D-Retaining the suburbs of Redmond in the West Ward).
  3. The Mayor is elected by a popular vote of the community as indicated by the community response.

This was acknowledged by the board on 28 March 2015.

The next review will be due in 2023.

#### 4.7 Electoral Reform – Clear Lease Requirements for Candidate and Voter Eligibility

- A person with a lease in a local government district is eligible to nominate as a candidate in that district.
- A person with a lease in a local government district is eligible to apply to vote in that district.
- The City of Perth Inquiry Report identified a number of instances where dubious lease arrangements put to question the validity of candidates in local government elections, and subsequently their legitimacy as councillors.

- Reforms are proposed to prevent the use of “sham leases” in council elections. Sham leases are where a person creates a lease only to be able to vote or run as a candidate for council.
- The City of Perth Inquiry Report identified sham leases as an issue.
- Electoral rules are proposed to be strengthened:
  - A minimum lease period of 12 months will be required for anyone to register a person to vote or run for council.
  - Home based businesses will not be eligible to register a person to vote or run for council, because any residents are already the eligible voter(s) for that address.
  - Clarifying the minimum criteria for leases eligible to register a person to vote or run for council.
- The reforms would include minimum lease periods to qualify as a registered business (minimum of 12 months), and the exclusion of home-based businesses (where the resident is already eligible) and very small sub-leases.
- The basis of eligibility for each candidate (e.g. type of property and suburb of property) is proposed to be published, including in the candidate pack for electors.

**As above**

**WALGA Position**

- Supported, noting there are no advocacy positions in relation to Items 4.6, 4.7, 4.8 or 4.9.

**Administration**

- Comment 1: No position.
- Comment 2: Supported.

#### 4.8 Reform of Candidate Profiles

- Candidate profiles can only be 800 characters, including spaces. This is equivalent to approximately 150 words.

- Further work will be undertaken to evaluate how longer candidate profiles could be accommodated.
- Longer candidate profiles would provide more information to electors, potentially through publishing profiles online.
- It is important to have sufficient information available to assist electors make informed decisions when casting their vote.

**As above**

**WALGA Position**

- Supported, noting there are no advocacy positions in relation to Items 4.6, 4.7, 4.8 or 4.9.

**Councilor Submission**

Councillor Thomson submission attachment 00C.

**Administration**

- Comment 1: No position.
- Comment 2: Supported.
### Theme 5: Clear Roles and Responsibilities

#### 5.1 Introduce Principles in the Act
- The Act does not currently outline specific principles.
- The Act contains a short "Content and Intent" section only.
- The Panel Report recommended greater articulation of principles.

<table>

  - Supported.  
Administration:  
  Comment: Supported. |

**5.2.1 - Mayor or President Role**
- It is proposed to amend the Act to specify the roles and responsibilities of the Mayor or President.
- While input and consultation will inform precise wording, it is proposed that the Act is amended to generally outline that the Mayor or President is responsible for:  
  - Representing and speaking on behalf of the whole council and the local government, at all times being consistent with the resolutions of council  
  - Facilitating the democratic decision-making of council by presiding at council meetings in accordance with the Act  
  - Developing and maintaining professional working relationships between councillors and the CEO  
  - Performing civic and ceremonial duties on behalf of the local government  
  - Working effectively with the CEO and councillors in overseeing the delivery of the services, operations, initiatives and functions of the local government.

**5.2.2 - Council Role**
- It is proposed to amend the Act to specify the roles and responsibilities of the Council, which is the entity consisting of all of the councillors and led by the Mayor or President.
- While input and consultation will inform precise wording, it is proposed that the Act is amended to generally outline that the Council is responsible for:  
  - Making significant decisions and determining policies through democratic deliberation at council meetings  
  - Ensuring the local government is adequately resourced to deliver the local government’s operations, services and functions – including all functions that support informed decision-making by council  
  - Providing a safe working environment for the CEO;  
  - Providing strategic direction to the CEO;  
  - Monitoring and reviewing the performance of the local government.

### 5.2.3 - Elected Member (Councillor) Role

- It is proposed to amend the Act to specify the roles and responsibilities of all elected councillors.
- While input and consultation will inform precise wording, it is proposed that the Act is amended to generally outline that every elected councillor is responsible for:
  - Considering and representing, fairly and without bias, the current and future interests of all people who live, work and visit the district (including for councillors elected for a particular ward).
  - Positively and fairly contribute and apply their knowledge, skill, and judgement to the democratic decision-making process of council.
  - Applying relevant law and policy in contributing to the decision-making of the council.
  - Engaging in the effective forward planning and review of the local government’s resources, and the performance of its operations, services, and functions.
  - Communicating the decisions and resolutions of council to stakeholders and the public.
  - Developing and maintaining professional working relationships with all other councillors and the CEO.
  - Maintaining and developing their knowledge and skills relevant to local government.
  - Facilitating public engagement with local government.
- It is proposed that elected members should not be able to use their title (e.g. “Councillor”, “Mayor”, or “President”) and associated resources of their office (such as email address) unless they are performing their role in their official capacity.

### 5.2.4 - CEO Role

- The Local Government Act 1995 requires local governments to employ a CEO to run the local government administration and implement the decisions of council.
- To provide greater clarity, it is proposed to amend the Act to specify the roles and responsibilities of all local government CEOs.
- While input and consultation will inform precise wording, it is proposed that the Act is amended to generally outline that the CEO of a local government is responsible for:
  - Coordinating the professional advice and assistance necessary for all elected members to enable the council to perform its decision-making functions.
  - Coordinating the implementation of council decisions.
  - Ensuring functions and decisions lawfully delegated by council are managed prudently on behalf of the council.
  - Managing the effective delivery of the services, operations, initiatives and functions of the local government determined by the council.
  - Providing timely and accurate information and advice to all councillors in line with the Council Communications Agreement (see item 5.3).
  - Overseeing the compliance of the operations of the local government with State and Federal legislation on behalf of the council.
  - Implementing and maintaining systems to enable effective planning, management, and reporting on behalf of the council.

### 5.3 Council Communication Agreements

- The Act provides that council and committee members can have access to any information held by the local government that is relevant to the performance of the member in their functions.
- The availability of information is sometimes a source of conflict within local governments.

### Theme 6: Improved Financial Management and Reporting

#### 6.1 Model Financial Statements and Tiered Financial Reporting

- The financial statements published in the Annual Report is the main financial reporting currently published by local governments.
- Reporting obligations are the same for large (Stirling, Perth, Fremantle) and small (Sandstone, Williams, Delatalla) local governments, even though they vary significantly in complexity.
- The Office of the Auditor General has said that some existing reporting requirements are unnecessary or onerous - for instance, information that is not relevant to certain local governments, or that is a duplicate of other published information.
- The Minister strongly believes in transparency and accountability in local government. The public rightly expects the highest standards of integrity, good governance, and prudent financial management in local government.
- It is critically important that clear information about the financial position of local governments is openly available to ratepayers. Financial information also supports community decision-making about local government services and projects.
- Local governments differ significantly in the complexity of their operations. Smaller local governments generally have much less operating complexity than larger local governments.
- The Office of the Auditor General has identified opportunities to improve financial reporting, to make statements clearer, and reduce unnecessary complexity.
- Recognising the difference in the complexity of smaller and larger local governments, it is proposed that financial reporting requirements should be tiered – meaning that larger local governments will have greater financial reporting requirements than smaller local governments.
- It is proposed to establish standard templates for Annual Financial Statements for band 1 and 2 councils, and simpler, clearer financial statements for band 3 and 4. The templates would provide faster and greater transparency than current annual reports. Standard templates will be published for use by local governments.
- Simpler Strategic and Financial Planning (Item 6.2) would also improve the budgeting process.

#### 6.2 Simplify Strategic and Financial Planning

- Requirements for plans are outlined in the Local Government Financial Management and Administration Regulations.
- There is also the Integrated Planning and Reporting (IPR) framework.
- While many councils successfully apply IPR to their budgeting and reporting, IPR may seem complicated or difficult, especially for smaller local governments.
- Having clear information about the finances of local government is an important part of enabling informed public and ratepayer engagement and input to decision-making.
- The framework for financial planning should be based around information being clear, transparent, and easy to understand for all ratepayers and members of the public.
- In order to provide more consistency and clarity across the State, it is proposed that greater use of templates is introduced to make planning and reporting clearer and simpler, providing greater transparency for ratepayers.
- Local governments would be required to adopt a standard set of plans, and there will be templates published by the DLGSC for use or adoption by local governments.
- It is proposed that the plans that are required are:
  - Simplified Council Plans that replace existing Strategic Community Plans and set high-level objectives, with a new plan required at least every eight years. These will be short-form plans, with a template available from the DLGSC.
  - Simplified Asset Management Plans to consistently forecast costs of maintaining the local government’s assets. A new plan will be required at least every ten years, though local governments should update the plan regularly if the local government gains or disposers of major assets (e.g., land, buildings, or roads). A template will be provided, and methods of valuations will be simplified to reduce red tape.
  - Simplified Long Term Financial Plans will outline any long-term financial management and sustainability issues, and any investments and debts. A template will be provided, and these plans will be required to be reviewed in detail at least every four years.
  - A new Rates and Revenue Policy (see Item 6.3) that identifies the approximate

### Current Local Government Position

#### The Local Government Sector

1. Requests the Minister for Local Government to direct the Department of Local Government to prepare a Model set of Financial Statements and Annual Budget Statements for the Local Government sector, in consultation with the Office of the Auditor General.
2. Requests the Department of Local Government to reassess the amount of detail required to be included in annual financial reports, in particular for small and medium sized entities as suggested by the Office of Auditor General.

**Comment**  
The Sector has a longstanding position for a broad review of the financial management and reporting provisions of the Act, which remain largely unchanged since commencing in 1996.

**Recommendation**  
• Supported

### WALGA Position

#### WALGA Position

- Supported.

**Administration**  
Comment 1: Supported.  
Comment 2: Supported; however, what is currently used to rate local government’s “Financial Health”, needs to be reviewed and refined.

This can be demonstrated through the use of the ‘MyCouncil’ initiative; which was proposed by the State Government to strengthen local government accountability and performance.

**Link:** https://www.mycouncil.wa.gov.au/

It is hoped that financial ratio benchmarks are tiered.

Regional local governments administer regional assets and deliver services on behalf of their region, such as the Albany Regional Airport.

<tbody>
<tr>
<td>value of rates that will need to be collected in future years (referring to the Asset Management Plan and Long Term Financial Plan) – providing a forecast to ratepayers (updated at least every four years)</td>
<td>The use of simple, one-page Service Proposals and Project Proposals that outline what proposed services or initiatives will cost, to be made available through council meetings. These will become Service Plans and Project Plans added to the yearly budget if approved by council. This provides clear transparency for what the functions and initiatives of the local government cost to deliver. Templates will be available for use by local governments.</td>
<td>It may be a worthy exercise to explore a fee for service model for delivering such services. Comment 3: Supported, however future revenue and rates information is incorporated in the Long Term Financial Plan, which isn’t mandatory to be made public. If LTPF to be made public, no requirement for Rates and Revenue Policy? Interested to see what this template is, because if it is just a financial projection of future rates/revenue, no requirement and instead publish/endorse the LTPF? Agree with Comment 2, rating exemptions in Act to be reviewed.</td>
<td></td>
</tr>
</tbody>
</table>

6.3 Rates and Revenue Policy

- Local governments are not required to have a rates and revenue policy.
- Some councils defer rate rises, resulting in the eventual need to drastically raise rates to cover unavoidable costs – especially for the repair of infrastructure.

+ The Rates and Revenue Policy is proposed to increase transparency for ratepayers by linking rates to basic operating costs and the minimum costs for maintaining essential infrastructure. A Rates and Revenue Policy would be required to provide ratepayers with a forecast of future costs of providing local government services.
+ The Policy would need to reflect the Asset Management Plan and the Long Term Financial Plan (see item 6.2), providing a forecast of what rates would need to be, to cover unavoidable costs.
+ A template would be published for use or adoption by all local governments.
+ The Local Government Panel Report included this recommendation.

Current Local Government Position

Item 6.3 generally aligns with Advocacy Position 2.1.6 - Rate Setting and WALGA’s Rate Setting Policy Statement.

Councils’ deliberative rate setting processes reference their Integrated Planning Framework – a thorough strategic, financial and asset management planning process – and draw upon the community’s willingness and capacity to pay.

Recommendation

- Supported

WALGA Position:

- Item 6.3 generally aligns with Advocacy Position 2.1.6 - Rate Setting and WALGA’s Rate Setting Policy Statement.
- Supported.

Administration:

Comment 1: Supported.

Comment 2: Supported. Currently local governments have autonomy in the way they set rates in the dollar to make up the budget deficiency with some limitations.

What is needed is a review of current rating exemptions, noting not all land owners are required to pay rates.

Other than land used or held by the Crown (State Government) for a public purpose, a local government or a regional local government, exemptions from rates apply to:

- Land used or held exclusively for churches (religious bodies)
- Land used or held exclusively for schools
- Land used exclusively for charitable purposes
- Land vested in trustees for agriculture or horticultural show purposes
- Land owned by Co-operative Bulk Handling Limited (CBH)
- Land exempted by the Minister for Local Government.

6.4 Monthly Reporting of Credit Card Statements

- No legislative requirement.
- Disclosure requirements brought in by individual councils have shown significant reduction of expenditure of funds.

+ The statements of a local government’s credit cards used by local government employees will be required to be tabled at council at meetings on a monthly basis.
+ This provides oversight of incidental local government spending.

Current Local Government Position

There is no advocacy position in relation to Item 6.4.

Comment

This proposed reform reflects widespread common practice for credit card transactions to be included in monthly financial reports and lists of accounts paid.

Recommendation

- Supported

WALGA Position:

- There is no advocacy position in relation to Item 6.4.
- Supported.

Administration:

Comment 1: Supported transparency and note comments of Comment 3 below.

Comment 2: The City has an approved administrative policy position. This policy applies to any Council Officers involved and issued in the development, implementation, reconciliation and approval of Corporate Credit Cards.

The purpose of this policy is to ensure effective controls, policies and procedures are in place with respect to use of Corporate Credit Cards.

The objective of this policy is to:

- Fulfil all statutory requirements of the Local Government Act
### 6.5 Amended Financial Ratios

- Local governments are required to report seven ratios in their annual financial statements.
- These are reported on the MyCouncil website.
- These ratios are intended to provide an indication of the financial health of every local government.

<table>
<thead>
<tr>
<th>CURRENT PROVISIONS</th>
<th>PROPOSED REFORMS</th>
<th>WALGA POSITION &amp; COMMENTS</th>
<th>CITY OF ALBANY OFFICER COMMENT</th>
</tr>
</thead>
</table>
| Financial ratios will be reviewed in detail, building on work already underway by the DLGSC. | Current Local Government Position: Item 6.5 aligns with Advocacy Position 2.6.25 - Review and reduce financial ratios. Advocate to the Minister for Local Government to amend the Local Government (Financial Management) Regulations 1996 to prescribe the following ratios:  
  a. Operating Surplus Ratio,  
  b. Net Financial Liabilities Ratio,  
  c. Debt Service Coverage Ratio, and  
  d. Current Ratio.  
  Recommendation: Supported | Opportunity for fraud if publishing credit card statement information. |

### 6.6 Audit Committees

- Local governments must establish an Audit Committee that has three or more persons, with the majority to be council members.
- The Audit Committee is to guide and assist the local government in carrying out the local government’s functions in relation to audits conducted under the Act.
- The Panel Report identified that Audit Committees should be expanded, including to provide improved risk management.

<table>
<thead>
<tr>
<th>CURRENT PROVISIONS</th>
<th>PROPOSED REFORMS</th>
<th>WALGA POSITION</th>
<th>CITY OF ALBANY OFFICER COMMENT</th>
</tr>
</thead>
</table>
| To ensure independent oversight, it is proposed the Chair of any Audit Committee be required to be an independent person who is not on council or an employee of the local government. | Current Local Government Position: Item 6.6 does not align with Advocacy Position 2.2.4 - Accountability and Audit  
that audit committees of Local Government, led and overseen by the Council, have a clearly defined role with an Elected Member majority and chair.  
Comment: The Sector’s view is well established, that the Council must maintain, and be seen by the community to have, majority involvement and investment in the purpose of an Audit Committee. There is sector support for some independent members on the Audit Committee, however not a majority.  
The dual effect of the proposed reform is to guarantee a place for a majority of independent persons on Audit Committees, with the additional requirement that an independent person Chair this Committee. Presently, not all Local Government Audit Committees are able to include an independent person. This may be for a variety of reasons not least of which is a lack of suitable, available candidates with the required qualification, skill and experience.  
It would be counter-productive if the proposed reforms led to the appointment of unsuitable independent persons to a skills-based role.  
The concept of Regional Audit Committees has apparent merit in this case but there is no detail regarding practicalities, for example, is the Regional Audit Committee intended to include the same independent persons who will meet separately with each Local Government within the region?  
There is too little certainty that the imperative question of appropriate representation will be managed as a consequence of the proposed reforms for it to be supported.  
The proposal for the Audit Committees to also consider proactive risk management is supported. | WALGA Position:  
1. Do not support majority independent members of the Audit Committee  
2. Support Audit Committees of Local Government with an Elected Member majority including independent members, and to consider proactive risk management issues.  
Administration:  
Comment 1: Support WALGA position with Chair position being a decision of the Local Government Committee  
Comment 2: Ultimately as the governing body, it is recommended that Council propose a policy position.  
The City’s current Audit & Risk Committee provides an advisory service to a regional capital city council, which deals with significant risk issues comparable to large commercial organisations. The remuneration paid to independent members should reflect the size and risk profile of the organisation and the skills and expertise of the members.  
It is recommended that Salary & Allowance Tribunal prescribe the remuneration of the Chair and independent members. |
### 6.7 Building Upgrade Finance

- The local government sector has sought reforms that would enable local governments to provide loans to property owners to finance for building improvements.
- This is not currently provided for under the Act.
- The Local Government Panel Report included this recommendation.

#### Current Local Government Position

- Item 6.7 aligns with Advocacy Position 2.6.26 - Building Upgrade Finance.
- The Local Government Act 1995 should be amended to enable a Building Upgrade Finance mechanism in Western Australia.

#### Comment

- Building Upgrade Finance would enable Local Governments to guarantee finance for building upgrades for non-residential property owners.
- In addition to building upgrades to achieve environmental outcomes, Local Governments have identified an opportunity to use this approach to finance general upgrades to increase the commercial appeal of buildings for potential tenants.
- In this way, BUF is viewed as means to encourage economic investment to meet the challenges of a soft commercial lease market and achieve economic growth.

#### Recommendation

- Supported

#### WALGA Position

- Item 6.7 aligns with Advocacy Position 2.6.26 - Building Upgrade.
- Supported.

#### Councillor Submission

Councillor Traill, submission attachment 008.

#### Administration

- Comment 1: Not supported; see comments below.
- Comment 2: I would strongly disagree with 6.7 Building finance.
  - Why would we compete in the lending market?
  - Why would an owner not be able to finance this through a bank, yet be ok to finance that via a LIG?
  - Why would WA Treasury Corp not do that?
- Comment 3: I assume the loans would be administered by a lending agreement between parties.
- I do not support this recommendation, noting:
  - Non-financing sector lending has a medium level of vulnerability to financial crime and fraud.

### 6.8 Cost of Waste Service to be Specified on Rates Notices

- No requirement for separation of waste changes on rates notice.
- Disclosure will increase ratepayer awareness of waste costs.
- The Review Panel Report included this recommendation.

#### Current Local Government Position

There is no advocacy position in relation to Item 6.8.

#### Comment

- This proposed reform will require a relatively simple calculation.

#### Recommendation

- Supported

#### WALGA Position

- Supported.

#### Councillor Submission

Councillor Traill, submission attachment 008.

#### Administration

- Comment 1: Supported.
Hi Andrew,

These are my comments regarding councillor numbers determined by population. If you think this is relevant, could you pass it on to Stuart.

**Councillor numbers determined by population.**

The proposal to determine the number of elected members in local governments in WA based solely on population is both inequitable and flawed.

The proposal states that local governments in WA with less than a population of 75 thousand must cut elected member numbers to no more than 8 plus a popularly elected Mayor.

The “one size fits all” proposal raises more questions than it provides answers.

The glaring anomaly in this proposal would have to be the Shire of Peppermint Grove.

Peppermint Grove covers an area of 1.1 k and has a population of less than 2000 (based on 2016 census) currently has a Shire president and 6 councillors. Under this Policy, will the Shire of Peppermint Grove be entitled to increase elected members to 8 councillors and a mayor?

There are many local governments in the metropolitan area managing relatively small areas and populations.

When determining numbers of elected members it is important to compare like with like and to take into account the composition of individual WA local Governments.

For example, the City of Albany covers an area of approximately 4300 square kilometres and has close to 40 thousand residents. The city covers tree plantations and various forms of broad acre farming in the east, to beef, sheep, vegetables, dairies and piggeries in the west and includes a large residential and commercial area.

The city manages 1600 k of roads with 800 k unsealed. The city also manages 150 k of coastline.

The city of Albany cannot fairly be instructed to cut numbers of elected members when compared with, for example, the town of Claremont, which covers approximately 5.5 k and has a population of around 11 thousand (based on 2016 census). Each local government needs to be assessed on its composition and not the “one size fits all” methods currently proposed.

It is after all, about adequate representation.

Sent from my iPad

Councillor Alison Goode / West Ward

Postal Address: PO BOX 484, Albany, WA, 6331 Street Address: 102 North Road, Yakamia
Please find attached my thoughts on the Local Government reform paper. I hope these can be added into the general City submission.

Comments regarding Local Government Reform proposals.

1. Rather than go through every one of the 44 sections of the proposed reforms, I prefer to concentrate on those that may affect the City of Albany specifically.
2. In general I support the views of the CEO and Executive Directors. They have the experience and the foresight to see how these reforms may affect our operations and policies.
3. In principle, I support the basic tenets of the reform agenda. Confidence in some local governments changes over time, depending on the composition of the Council and the commitment and experience of the workforce. Anything that will increase the confidence of ratepayers and residents in their Council is a good thing.
4. Connection between the community and their local government is also under threat in some municipalities. Any way to increase this connection would be welcomed.

In particular, may I add the following thoughts on four items to those of others.

1. **Item 2.3**
   I support better definitions of natural emergencies. I am not sure what other natural emergencies are not covered under DFES legislation but it needs clarification.

2. **Item 4.3**
   While preferential voting is the preferred method of electing state and federal governments in Australia, it is suited to the party political model and is definitely not appropriate for local governments of many different shapes and sizes.

   Preferential voting encourages alliances and preference deals that have just been legislated out of the Upper House election process by the government that suggests this be introduced into local government elections.

   The other difference is that voting at federal and state level is compulsory, but local government voting is voluntary. Any reform that complicates the voting process will result in a lower voter turnout that would reduce community engagement.

   Just because other states favour preferential voting should not mean that WA should follow suit. Many problems in big city Councils in other states could have been avoided by removing party politics from local government.
3. **Item 4.5**
   If the number of Councillors is reduced for the City of Albany, this reduces the democracy and transparency aspects of Council. It also increases the workload of Councillors, thus potentially reducing the pool of available candidates. This will especially affect those from the younger demographic and from minority groups, as they simply will not be able to afford the time.

   This goes against the aim of the theme of Stronger Local Democracy and Local Engagement.

   This would also have ramifications for the current ward system which is up for review next year. If the number of Councillors is reduced, the workload (especially in the rural areas of the City) will increase.

   It is clear that a reduction in the number of Councillors will cost the LGA less in allowances which could be an attractive option.

4. **Item 6.7**
   I would support looking at this option in some more detail.

   Often, ratepayers who wish to upgrade their properties are not eligible for bank loans (due to age, income, ability to repay) so an alternative mechanism to improve their properties could be a possibility.

   I agree that it could be subject to fraud and deception but it would be up to tight regulations to ensure that this risk be minimised.

_Councillor Malcolm Traill / Frederickstown Ward_
City of Albany
From: Chris Thomson, Albany, Western Australia  
Sent: Wednesday, 26 January 2022 1:12 AM  
Subject: Proposed changes to Local Government Act - feedback

Here’s my views on the planned changes to Local Government Act, against the summary of proposed changes provided in the table:

1.2 Local government monitors: 
   a. Suggest former elected members not be eligible as monitors. How will a former mayor or president be judged as ‘respected’ and by whom?
   
   b. Case study 2 in this section is disturbing as the dispute mediation process proposed is overly bureaucratic. Why should one elected member be able to be dragged into lengthy mediation with another on hearsay? Such disagreements can and should be addressed through recourse to an independent standards body or to the law. Establishing a third option with which a potentially vexatious or misguided complainant might forum shop is dangerous.

1.5 Red cards
   a. Fully support harmonisation of standing orders across the state.
   
   b. Fully support the publication of video recordings of all meetings open to the public.
   
   c. The initial focus of the proposed red card provision appears to be meeting attendees (including councillors – but not explicitly mayors or presidents). The focus then sharply shifts to councillors only. The proposed change should apply to all elected members (including mayors or presidents in instances when they are in attendance but not chairing a meeting), as well as to any other attendee at the meeting.

1.6 Vexatious complaints:
   a. Unclear from the table provided what happens to a vexatious complainant. Can they be banned from certain activities (as per vexatious litigants’ register in the WA court system)? I suggest they should be.

2.4 Streamline local laws
   a. 15-year reviews are far too long, especially in the rapidly changing world in which we now live, and given that between four and five terms of Council would elapse before laws were necessarily reviewed, which is not good from an accountability perspective. Every four years (in line with the length of Council terms) would be more reasonable.

3.1 Recording of meetings:
   a. Do not support the live-streaming of public meetings, as I believe all participants (including interested news media) should at least demonstrate the conviction and investment in the decision-making process of attending the meeting itself; but
   
   b. Fully support the video recording and publication of all public meetings ASAP (certainly within two days) of the meeting having concluded.
4.3 Preferential voting:  
   a. Would overly complicate and potentially open to political manipulation what should be a simple, grass-roots process. WA has more LGAs than any other state; preferential voting will be ludicrous in many smaller LGAs, a number of which have fewer than 500 residents. Agree with CEO comment – not broken, don’t fix.

4.4 Public vote for mayor or president  
   a. Strongly support implementation of this across the state. Direct election is more democratic, and provides checks and balances against cliques.

4.8 Candidate profiles  
   a. Ability to provide longer profiles (not too long!!!) would increase the amount of information available to electors

5.4 Superannuation  
   a. Strongly oppose superannuation for elected members. Elected members are not employees, and can already divert their allowances as superannuation.

5.5 Education allowances  
   a. Expanded focus here from training to education is supported. Tertiary-level education (as opposed to training) specifically related to local government should be encouraged, and if possible budgeted for.

6.4 Reporting of credit card statements  
   a. Agree with comment by Manager, Finance here that disclosure of credit card transactions (as currently occurs at CoA) rather than statements themselves is preferable.

6.6 Audit committees  
   a. Strongly oppose appointment of independent members (especially as chair) to audit committees. Overly bureaucratic, and waters down responsibility entrusted by electors in the members they elect.

Councillor Chris Thomson  
City of Albany
