Governance

Local Government Reform Proposals Submission

February 2022
### Theme 1: Early Intervention, Effective Regulation and Stronger Penalties

<table>
<thead>
<tr>
<th>CURRENT PROVISIONS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1.1 Early Intervention Powers</strong></td>
<td></td>
<td><strong>The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform. Furthermore the Shire would like to submit that the proposed inspectorate should be sufficiently resourced to ensure that matters handled by it are done in a timely manner. Council also did not favour the proposed naming of the office noting that an alternative less adversarial/law enforcement based title will have more relevance to the industry.</strong></td>
</tr>
</tbody>
</table>
| - The Act provides the means to regulate the conduct of local government staff and council members and sets out powers to scrutinise the affairs of local government. The Act provides certain limited powers to:  
  - Suspend or dismiss councils  
  - Appoint Commissioners  
  - Suspend or, order remedial action (such as training) for individual councillors. | - It is proposed to establish a Chief Inspector of Local Government (the **Inspector**), supported by an Office of the Local Government Inspector (the **Inspectorate**).  
  - The Inspector would receive minor and serious complaints about elected members.  
  - The Inspector would oversee complaints relating to local government CEOs.  
  - Local Governments would still be responsible for dealing with minor behavioural complaints.  
  - The Inspector would have powers of a standing inquiry, able to investigate and intervene in any local government where potential issues are identified.  
  - The Inspector would have the authority to assess, triage, refer, investigate, or close complaints, having regard to various public interest criteria – considering laws such as the Corruption, Crime and Misconduct Act 2003, the Occupational Safety and Health Act 1984, the Building Act 2011, and other legislation.  
  - The Inspector would have powers to implement minor penalties for less serious breaches of the Act, with an appeal mechanism.  
  - The Inspector would also have the power to order a local government to address non-compliance with the Act or Regulations.  
  - The Inspector would be supported by a panel of Local Government Monitors (see item 1.2).  
  - The existing Local Government Standards Panel would be replaced with a new **Conduct** | |
| - The Act also provides the Director General with the power to:  
  - Conduct Authorised Inquiries  
  - Refer allegations of serious or recurrent breaches to the State Administrative Tribunal  
  - Commence prosecution for an offence under the Act. | | |
<p>| - Authorised Inquiries are a costly and a relatively slow response to significant issues. Authorised Inquiries are currently the only significant tool for addressing significant issues within a local government. | | |
| - The Panel Report, City of Perth Inquiry, and the Select Committee Report made various recommendations related to the establishment of a specific office for local government oversight. | | |</p>

<td></td>
</tr>
</tbody>
</table>

1.2 Local Government Monitors

- There are currently no legislative powers for the provision of monitors/ temporary advisors.
- The DLGSC provides support and advice to local governments, however there is no existing mechanism for pre-qualified, specialised assistance to manage complex cases.
CURRENT PROVISIONS | PROPOSED REFORMS | COMMENTS
---|---|---
| appoint Monitors. | | 
- Local governments would be able to make requests to the Inspector to appoint Monitors for a specific purpose. |
**Monitor Case Study 1 – Financial Management**
The Inspector receives information that a local government is not collecting rates correctly under the *Local Government Act 1995*. Upon initial review, the Inspector identifies that there may be a problem. The Inspector appoints a Monitor who specialises in financial management in local government. The Monitor visits the local government and identifies that the system used to manage rates is not correctly issuing rates notices. The Monitor works with the local government to rectify the error, and issue corrections to impacted ratepayers.

**Monitor Case Study 2 – Dispute Resolution**
The Inspector receives a complaint from one councillor that another councillor is repeatedly publishing derogatory personal attacks against another councillor on social media, and that the issue has not been able to be resolved at the local government level. The Inspector identifies that there has been a relationship breakdown between the two councillors due to a disagreement on council. The Inspector appoints a Monitor to host mediation sessions between the councillors. The Monitor works with the councillors to address the dispute. Through regular meetings, the councillors agree to a working relationship based on the council’s code of conduct. After the mediation, the Monitor occasionally makes contact with both

<tbody>
<tr>
<td>councillors to ensure there is a cordial working relationship between the councillors.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### 1.3 Conduct Panel

- The Local Government Standards Panel was established in 2007 to resolve minor breach complaints relatively quickly and provide the sector with guidance and benchmarks about acceptable standards of behaviour.
- Currently, the Panel makes findings about alleged breaches based on written submissions.
- The City of Perth Inquiry report made various recommendations that functions of the Local Government Standards Panel be reformed.
- The Standards Panel is proposed to be replaced with a new Local Government **Conduct Panel**.
- The Conduct Panel would be comprised of suitably qualified and experienced professionals. Sitting councillors will not be eligible to serve on the Conduct Panel.
- The Inspector would provide evidence to the Conduct Panel for adjudication.
- The Conduct Panel would have powers to impose stronger penalties – potentially including being able to suspend councillors for up to three months, with an appeal mechanism.
- For very serious or repeated breaches of the Local Government Act, the Conduct Panel would have the power to recommend prosecution through the courts.
- Any person who is subject to a complaint before the Conduct Panel would have the right to address the Conduct Panel before the Panel makes a decision.
- The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform.

### 1.4 Review of Penalties

- There are currently limited penalties in the Act for certain types of non-compliance with the Local Government Act.
- Penalties for breaching the Local Government Act are proposed to be strengthened.
- It is proposed that the suspension of councillors (for up to three months) is established as the main penalty where a councillor breaches the Local Government Act or Regulations on more than one occasion.
- The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform.
<table>

<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Councillors who are disqualified would not be eligible for sitting fees or allowances. They will also not be able to attend meetings, or use their official office (such as their title or council email address).</td>
<td>1.5 Rapid Red Card Resolutions</td>
<td>The Shire of Dandaragan Council does not support this proposed reform. While it is potentially an effective tool if used in good faith by the Presiding Member and may operate well in conjunction with live streamed / recorded meetings to allow video review of the red carded behaviour, there is an unaddressed potential for a misuse of power which may influence decision outcomes, particularly in a split vote situation.</td>
</tr>
<tr>
<td>It is proposed that a councillor who is suspended multiple times may become disqualified from office.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Councillors who do not complete mandatory training within a certain timeframe will also not be able to receive sitting fees or allowances.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1.5 Rapid Red Card Resolutions

- Currently, local governments have different local laws and standing orders that govern the way meetings run. Presiding members (Mayors and Presidents) are reliant on the powers provided in the local government standing orders local laws.
- Differences between local governments is a source of confusion about the powers that presiding members have to deal with disruptive behaviours at council meetings.
- Disruptive behaviour at council meetings is a very common cause of complaints. Having the Presiding Member be able to deal with these problems should more quickly resolve problems that occur at council meetings.
- It is proposed that Standing Orders are made consistent across Western Australia (see item 2.6). Published recordings of all meetings would also become standard (item 3.1).
- It is proposed that Presiding Members have the power to "red card" any attendee (including councillors) who unreasonably and repeatedly interrupt council meetings. This power would:
  - Require the Presiding Member to issue a clear first warning
  - If the disruptions continue, the Presiding Member will have the power to "red card" that person, who must be silent for the rest of the meeting. A councillor issued with a red card will still vote, but must not speak or move motions
  - If the person continues to be disruptive, the Presiding Member can instruct that they leave the meeting.
- Any Presiding Member who uses the "red card" or ejection power will be required to notify the Inspector.
<table>
<thead>

</tr>
</thead>
<tbody>
<tr>
<td>with an instruction to be silent or leave, or where it can be demonstrated that the presiding member has not followed the law in using these powers, penalties can be imposed through a review by the Inspector.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1.6 Vexatious Complaint Referrals

- No current provisions.
- The Act already provides a requirement for Public Question Time at council meetings.

- Local governments already have a general responsibility to provide ratepayers and members of the public with assistance in responding to queries about the local government’s operations. Local governments should resolve queries and complaints in a respectful, transparent and equitable manner.
- Unfortunately, local government resources can become unfairly diverted when a person makes repeated vexatious queries, especially after a local government has already provided a substantial response to the person’s query.
- It is proposed that if a person makes repeated complaints to a local government CEO that are vexatious, the CEO will have the power to refer that person’s complaints to the Inspectorate, which after assessment of the facts may then rule the complaint vexatious.

The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform.

1.7 Minor Other Reforms
<table>
<thead>
<tr>
<th>CURRENT PROVISIONS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
</table>
| • Other minor reforms are being considered to enhance the oversight of local government.  
• Ministerial Circulars have traditionally been used to provide guidance to the local government sector. | • Potential other reforms to strengthen guidance for local governments are being considered.  
• For example, one option being considered is the potential use of sector-wide guidance notices. Guidance notices could be published by the Minister or Inspector, to give specific direction for how local governments should meet the requirements of the Local Government Act and Regulations. For instance, the Minister could publish guidance notices to clarify the process for how potential conflicts of interests should be managed.  
• It is also proposed (see item 1.1) that the Inspector has the power to issue notices to individual local governments to require them to rectify non-compliance with the Act or Regulations. | The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform. |
### Theme 2: Reducing Red Tape, Increasing Consistency and Simplicity

<table>
<thead>
<tr>
<th>CURRENT REQUIREMENTS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>2.1 Resource Sharing</strong>&lt;br&gt;• The Act does not currently include specific provisions to allow for certain types of resource sharing – especially for sharing CEOs.&lt;br&gt;• Regional local governments would benefit from having clearer mechanisms for voluntary resource-sharing.</td>
<td>• Amendments are proposed to encourage and enable local governments, especially smaller regional local governments, to share resources, including Chief Executive Officers and senior employees.&lt;br&gt;• Local governments in bands 2, 3 or 4 would be able to appoint a shared CEO at up to two salary bands above the highest band. For example, a band 3 and a band 4 council sharing a CEO could remunerate to the level of band 1.</td>
<td>The Shire of Dandaragan supports this proposed reform in principal but more information is needed to understand how such arrangements would be enacted. Council felt that it is important that amalgamations need to be retained as a genuine option for reform and to deliver gains on efficiency where it is community supported and geographically reasonable. This should be coupled with greater consistency of IT and business systems across the industry to increase standardisation of processes within Local Government, particularly in regional areas. These reform activities would be more sustainable than sharing CEO’s which rely on individuals who would be prone to burn out through overwork trying to duplicate their roles and responsibilities across more than one Local Government.</td>
</tr>
</tbody>
</table>

<p>| <strong>2.2 Standardisation of Crossovers</strong>&lt;br&gt;• Approvals and standards for crossovers (the section of driveways that run between the kerb and private property) are inconsistent between local government areas, often with very minor differences.&lt;br&gt;• This can create confusion and complexity for homeowners and small businesses in | • It is proposed to amend the Local Government (Uniform Local Provisions) Regulations 1996 to standardise the process for approving crossovers for residential properties and residential developments on local roads.&lt;br&gt;• A Crossover Working Group has provided | The Shire of Dandaragan generally supports WALGA’s submission on this issue however there needs to be some flexibility to meet local environmental conditions, particularly in regional areas. |</p>

<tbody>
<tr>
<td>the construction sector.</td>
<td>preliminary advice to the Minister and DLGSC to inform this. The DLGSC will work with the sector to develop standardised design and construction standards.</td>
<td></td>
</tr>
</tbody>
</table>

### 2.3 Introduce Innovation Provisions

- The *Local Government Act 1995* currently has very limited provisions to allow for innovations and responses to emergencies to (such as the Shire of Bruce Rock Supermarket).

- New provisions are proposed to allow exemptions from certain requirements of the *Local Government Act 1995*, for:
  - Short-term trials and pilot projects
  - Urgent responses to emergencies.

The Shire of Dandaragan supports the submission of LG Professionals on this proposed reform. Local Governments can implement various experimental trials but this should be done with appropriate business planning and risk identification. Greater detail on the proposed new provisions is needed for the industry to understand the scope of this reform.

### 2.4 Streamline Local Laws

- Local laws are required to be reviewed every eight years.
- The review of local laws (especially when they are standard) has been identified as a burden for the sector.
- Inconsistency between local laws is frustrating for residents and business stakeholders.

- It is proposed that local laws would only need to be reviewed by the local government every 15 years.
- Local laws not reviewed in the timeframe would lapse, meaning that old laws will be automatically removed and no longer applicable.
- Local governments adopting Model Local Laws will have reduced advertising requirements.

The Shire of Dandaragan supports the retention of local law making capacity for Local Governments. Where possible Local Laws should be standardised, which can be promoted through the streamlined adoption of model local laws. Some flexibility is still required to address local needs and environmental conditions.

Local Laws should be reviewed as needed rather than on a mandatory statutory timeframe within the general competence principal supporting that Local Governments will be best placed to determine when a Local Law is no longer achieving its purpose or needs revision.
<table>
<thead>
<tr>
<th>CURRENT REQUIREMENTS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>2.5 Simplifying Approvals for Small Business and Community Events</strong></td>
<td></td>
<td>The Shire of Dandaragan supports the intent of proposed reform in principal however is concerned that this may remove any regulatory intervention that addresses local needs and amenity concerns. The development of model approval processes will promote standardisation but still provide flexibility where required. Generally applications for these examples are processed promptly and differences between Local Governments reflect different appetites for built form and amenity.</td>
</tr>
</tbody>
</table>
| • Inconsistency between local laws and approvals processes for events, street activation, and initiatives by local businesses is frustrating for business and local communities. | • Proposed reforms would introduce greater consistency for approvals for:  
  o alfresco and outdoor dining  
  o minor small business signage rules  
  o running community events. | |
| **2.6 Standardised Meeting Procedures, Including Public Question Time** | | The Shire of Dandaragan supports standardisation to establish minimum however Local Governments should be empowered to adapt to their own community needs and provide greater opportunity for interaction with Council / Councillors where deemed fit. |
| • Local governments currently prepare individual standing order local laws.  
• The *Local Government Act 1995* and regulations require local governments to allocate time at meetings for questions from the public.  
• Inconsistency among the meeting procedures between local governments is a common source of complaints. | • To provide greater clarity for ratepayers and applicants for decisions made by council, it is proposed that the meeting procedures and standing orders for all local government meetings, including for public question time, are standardised across the State.  
• Regulations would introduce standard requirements for public question time, and the procedures for meetings generally.  
• Members of the public across all local governments would have the same opportunities to address council and ask questions. | |
### 2.7 Regional Subsidiaries

- Initiatives by multiple local governments may be managed through formal Regional Councils, or through less formal “organisations of councils”, such as NEWROC and WESROC.
- These initiatives typically have to be managed by a lead local government.
- In 2016-17, provisions were introduced to allow for the formation of Regional Subsidiaries. Regional Subsidiaries can be formed in line with the *Local Government (Regional Subsidiaries) Regulations 2017*.
- So far, no Regional Subsidiary has been formed.

- Work is continuing to consider how Regional Subsidiaries can be best established to:
  - Enable Regional Subsidiaries to provide a clear and defined public benefit for people within member local governments
  - Provide for flexibility and innovation while ensuring appropriate transparency and accountability of ratepayer funds
  - Where appropriate, facilitate financing of initiatives by Regional Subsidiaries within a reasonable and defined limit of risk
  - Ensure all employees of a Regional Subsidiary have the same employment conditions as those directly employed by member local governments.

The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform.

### Theme 3: Greater Transparency & Accountability

#### 3.1 Recordings and Live-Streaming of All Council Meetings

- Currently, local governments are only required to make written minutes of meetings.
- While there is no legal requirement for livestreaming or video or audio recording of council meetings, many local governments now stream and record their meetings.
- Complaints relating to behaviours and

- It is proposed that all local governments will be required to record meetings.
- Band 1 and 2 local governments would be required to livestream meetings, and make video recordings available as public archives.
- Band 1 and 2 are larger local governments are generally located in larger urban areas,

The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform with the exception of confidential matters being recorded and sent to DLGSC. It requires additional administrative processes and hasn’t been substantially justified by the reform proposal.

### 3.2 Recording All Votes in Council Minutes

---

1. See page 3 of the [2018 Salaries and Allowance Tribunal Determination](#)
<table>
<thead>
<tr>
<th>CURRENT REQUIREMENTS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
</table>
| A local government is only required to record which councillor voted for or against a motion in the minutes of that meeting if a request is made by an elected member at the time of the resolution during the meeting.  
The existing provision does not mandate transparency. | To support the transparency of decision-making by councillors, it is proposed that the individual votes cast by all councillors for all council resolutions would be required to be published in the council minutes, and identify those for, against, on leave, absent or who left the chamber.  
Regulations would prescribe how votes are to be consistently minuted. | The Shire of Dandaragan supports the submission of LG Professionals on this proposed reform. Local Government’s should be able to determine their preferred means of recording elected member votes. |

### 3.3 Clearer Guidance for Meeting Items that may be Confidential

- The Act currently provides broad definitions of what type of matters may be discussed as a confidential item.  
- There is limited potential for review of issues managed as confidential items under the current legislation.  
- Recognising the importance of open and transparent decision-making, it is considered that confidential meetings and confidential meeting items should only be used in limited, specific circumstances.  
- It is proposed to make the Act more specific in prescribing items that may be confidential, and items that should remain open to the public.  
- Items not prescribed as being confidential could still be held as confidential items only with the prior written consent of the Inspector.  
- All confidential items would be required to be audio recorded, with those recordings submitted to the DLGSC. | The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform with the exception of confidential matters being recorded and sent to DLGSC. It requires additional process and systems work and hasn't been substantially justified by the reform proposal. |

### 3.4 Additional Online Registers

- Local governments are required to provide information to the community through annual reports, council minutes and the publication of information online.  
- Consistent online publication of information can substitute for certain material in annual reports.  
- Consistency in online reporting across the | It is proposed to require local governments to report specific information in online registers on the local government’s website. Regulations would prescribe the information to be included.  
The following new registers, each updated quarterly, are proposed: | The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform |
### CURRENT REQUIREMENTS

- These registers supplement the simplification of financial statements in Theme 6.

### PROPOSED REFORMS

- **Lease Register** to capture information about the leases the local government is party to (either as lessor or lessee)
- **Community Grants Register** to outline all grants and funding provided by the local government
- **Interests Disclosure Register** which collates all disclosures made by elected members about their interests related to matters considered by council
- **Applicant Contribution Register** accounting for funds collected from applicant contributions, such as cash-in-lieu for public open space and car parking
- **Contracts Register** that discloses all contracts above $100,000.

### COMMENTS

The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform. Furthermore Council was of the view that the performance review process of the CEO should remain confidential like any other employee / employer relationship.

### 3.5 Chief Executive Officer Key Performance Indicators (KPIs) be Published

- It is a requirement of the *Local Government Act 1995* that CEO performance reviews are conducted annually.
- The Model Standards for CEO recruitment and selection, performance review and termination require that a local government must review the performance of the CEO against contractual performance criteria.
- Additional performance criteria can be used for performance review by agreement between both parties.

- To provide for minimum transparency, it is proposed to mandate that the KPIs agreed as performance metrics for CEOs:
  - Be published in council meeting minutes as soon as they are agreed prior to (before the start of the annual period)
  - The KPIs and the results be published in the minutes of the performance review meeting (at the end of the period)
  - The CEO has a right to provide written comments to be published alongside the KPIs and results to provide context as may be appropriate (for instance, the impact of events in that year that may have influenced the results against KPIs).
## Theme 4: Stronger Local Democracy and Community Engagement

### CURRENT REQUIREMENTS | PROPOSED REFORMS | COMMENTS
---|---|---
#### 4.1 Community and Stakeholder Engagement Charters
- There is currently no requirement for local governments to have a specific engagement charter or policy.
- Many local governments have introduced charters or policies for how they will engage with their community.
- Other States have introduced a specific requirement for engagement charters.
  - It is proposed to introduce a requirement for local governments to prepare a community and stakeholder engagement charter which sets out how local government will communicate processes and decisions with their community.
  - A model Charter would be published to assist local governments who wish to adopt a standard form.
- The Shire of Dandaragan supports the submissions of WALGA and LG Professionals on this proposed reform. The state should ensure that support is provided from the department to develop these documents. Any model charter should focus on minimum standards and provide scope for Local Governments to engage in additional methods to maximise targeted and effective local communications.

#### 4.2 Ratepayer Satisfaction Surveys (Band 1 and 2 local governments only)
- Many local governments already commission independent surveying consultants to hold a satisfaction survey of residents/ratepayers.
- These surveys provide valuable data on the performance of local governments.
  - It is proposed to introduce a requirement that every four years, all local governments in bands 1 and 2 hold an independently-managed ratepayer satisfaction survey.
  - Results would be required to be reported publicly at a council meeting and published on the local government's website.
  - All local governments would be required to publish a response to the results.
- The Shire of Dandaragan supports this proposed reform.

#### 4.3 Introduction of Preferential Voting
- The current voting method for local government elections is first past the post.
- The existing first-past-the-post does not allow for electors to express more than one preference.
- The candidate with the most votes wins, even if that candidate does not have a majority.
- Preferential voting better captures the
  - Preferential voting is proposed be adopted as the method to replace the current first past the post system in local government elections.
  - In preferential voting, voters number candidates in order of their preferences.
  - Preferential voting is used in State and Federal elections in Western Australia (and in other states). This provides voters with more
- The Shire of Dandaragan does not support preferential voting and urges the State to retain the existing voting format.
<table>
<thead>
<tr>
<th>CURRENT REQUIREMENTS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
</table>
| precise intentions of voters and as a result may be regarded as a fairer and more representative system. Voters have more specific choice. | choice and control over who they elect.  
- All other states use a form of preferential voting for local government. |  |

### 4.4 Public Vote to Elect the Mayor and President

- The Act currently allows local governments to have the Presiding Member (the Mayor or President) elected either:
  - by the electors of the district through a public vote; or
  - by the council as a resolution at a council meeting.

- Mayors and Presidents of all local governments perform an important public leadership role within their local communities.
- Band 1 and 2 local governments generally have larger councils than those in bands 3 and 4.
- Accordingly, it is proposed that the Mayor or President for all band 1 and 2 councils is to be elected through a vote of the electors of the district. Councils in bands 3 and 4 would retain the current system.
- A number of Band 1 and Band 2 councils have already moved towards Public Vote to Elect the Mayor and President in recent years, including City of Stirling and City of Rockingham.

The Shire of Dandaragan does not support this proposed reform and notes that the proposal has not been adequately supported by sufficient rationale for change from the current system where a Local Government may hold a referendum to determine the preferred means of selecting a Mayor or President.

### 4.5 Tiered Limits on the Number of Councillors

- The number of councillors (between 5-15 councillors) is decided by each local government, reviewed by the Local Government Advisory Board, and if approved by the Minister.
- The Panel Report recommended electoral reforms to improve representativeness.

- It is proposed to limit the number of councillors based on the population of the entire local government.
- Some smaller local governments have already been moving to having smaller councils to reduce costs for ratepayers.
- The [Local Government Panel Report](http://example.com) proposed:
  - For a population of up to 5,000 – five councillors (including the President)
  - population of between 5,000 and 75,000

The Shire of Dandaragan does not support the reduction in Councillors to 5 under the proposed reform. In a Shire the size of Dandaragan with 4 townsites and associated community groups, maintaining adequate representation and interface with the community with only 5 Councillors will be unsustainable. A cap at 5 Councillors will also be problematic during times of leave or absence.
<table>
<thead>
<tr>
<th>CURRENT REQUIREMENTS</th>
<th>PROPOSED REFORMS</th>
<th>COMMENTS</th>
</tr>
</thead>
</table>
| – five to nine councillors (including the Mayor/President)  
  o population of above 75,000 – nine to fifteen councillors (including Mayor). | | |

4.6 No Wards for Small Councils (Band 3 and 4 Councils only)

- A local government can make an application to be divided into wards, with councillors elected to those wards.
- Only about 10% of band 3 and 4 local governments currently have wards.

- It is proposed that the use of wards for councils in bands 3 and 4 is abolished.
- Wards increase the complexity of elections, as this requires multiple versions of ballot papers to be prepared for a local government’s election.
- In smaller local governments, the population of wards can be very small.
- These wards often have councillors elected unopposed, or elect a councillor with a very small number of votes. Some local governments have ward councillors elected with less than 50 votes.
- There has been a trend in smaller local governments looking to reduce the use of wards, with only 10 councils in bands 3 and 4 still having wards.

The Shire of Dandaragan supports the submission of WALGA on this proposed reform.

4.7 Electoral Reform – Clear Lease Requirements for Candidate and Voter Eligibility

- A person with a lease in a local government district is eligible to nominate as a candidate in that district.
- A person with a lease in a local government district is eligible to apply to vote in that district.
- The City of Perth Inquiry Report identified a number of instances where dubious lease arrangements put to question the validity of

- Reforms are proposed to prevent the use of “sham leases” in council elections. Sham leases are where a person creates a lease only to be able to vote or run as a candidate for council.
- The City of Perth Inquiry Report identified sham leases as an issue.
- Electoral rules are proposed to be strengthened:

The Shire of Dandaragan supports the submission of WALGA on this proposed reform.
candidates in local government elections, and subsequently their legitimacy as councillors.

- A minimum lease period of 12 months will be required for anyone to register a person to vote or run for council.
- Home based businesses will not be eligible to register a person to vote or run for council, because any residents are already the eligible voter(s) for that address.
- Clarifying the minimum criteria for leases eligible to register a person to vote or run for council.
  - The reforms would include minimum lease periods to qualify as a registered business (minimum of 12 months), and the exclusion of home based businesses (where the resident is already eligible) and very small sub-leases.
  - The basis of eligibility for each candidate (e.g. type of property and suburb of property) is proposed to be published, including in the candidate pack for electors.

### 4.8 Reform of Candidate Profiles

- Candidate profiles can only be 800 characters, including spaces. This is equivalent to approximately 150 words.
- Further work will be undertaken to evaluate how longer candidate profiles could be accommodated.
  - Longer candidate profiles would provide more information to electors, potentially through publishing profiles online.
  - It is important to have sufficient information available to assist electors make informed decisions when casting their vote.

The Shire of Dandaragan supports the submission of WALGA on this proposed reform. The current candidate profile arrangements provide insufficient space to give the elector sufficient information about a candidate and their suitability for the role of Councillor.

### 4.9 Minor Other Electoral Reforms

- Other minor reforms are proposed to improve local government elections.
- Minor other electoral reforms are proposed to include:
  - The introduction of standard processes for vote re-counts if there is a very small

The Shire of Dandaragan supports the submission of WALGA on this proposed reform.
margin between candidates (e.g. where there is a margin of less than 10 votes a recount will always be required)
  o The introduction of more specific rules concerning local government council candidates’ use of electoral rolls.

### 5.3 Council Communication Agreements

- The Act provides that council and committee members can have access to any information held by the local government that is relevant to the performance of the member in their functions.
- The availability of information is sometimes a source of conflict within local governments.

- In State Government, there are written Communication Agreements between Ministers and agencies that set standards for how information and advice will be provided.
- It is proposed that local governments will need to have Council Communications Agreements between the council and the CEO.
- These Council Communication Agreements would clearly specify the information that is to be provided to councillors, how it will be provided, and the timeframes for when it will be provided.
be provided.
- A template would be published by DLGSC. This default template will come into force if a council and CEO do not make a specific other agreement within a certain timeframe following any election.

### 5.4 Local Governments May Pay Superannuation Contributions for Elected Members

- Elected members are eligible to receive sitting fees or an annual allowance.
- Superannuation is not paid to elected members. However, councillors can currently divert part of their allowances to a superannuation fund.
- Councils should be reflective and representative of the people living within the district. Local governments should be empowered to remove any barriers to the participation of gender and age diverse people on councils.
- It is proposed that local governments should be able to decide, through a vote of council, to pay superannuation contributions for elected members. These contributions would be additional to existing allowances.
- Superannuation is widely recognised as an important entitlement to provide long term financial security.
- Other states have already moved to allow councils to make superannuation contributions for councillors.
- Allowing council to provide superannuation is important part of encouraging equality for people represented on council – particularly for women and younger people.
- Providing superannuation to councillors recognises that the commitment to elected office can reduce a person’s opportunity to undertake employment and earn superannuation contributions.
- The Shire of Dandaragan does not support Superannuation being paid on Councillor fees and allowances.

---

### 5.5 Local Governments May Establish Education Allowances

- Local government elected members must complete mandatory training.
- There is no specific allowance for undertaking further education.
- Local governments will have the option of contributing to the education expenses for councillors, up to a defined maximum value, for tuition costs for further education that is directly related to their role on council.
- Councils will be able to decide on a policy for education expenses, up to a maximum yearly
- The Shire of Dandaragan supports the submission of WALGA on this proposed reform.
value for each councillor. Councils may also decide not to make this entitlement available to elected members.

- Any allowance would only be able to be used for tuition fees for courses, such as training programs, diplomas, and university studies, which relate to local government.
- Where it is made available, this allowance will help councillors further develop skills to assist with making informed decisions on important questions before council, and also provide professional development opportunities for councillors.

### 5.6 Standardised Election Caretaker period

- There is currently no requirement for a formal caretaker period, with individual councils operating under their own policies and procedures.
- This is commonly a point of public confusion.

- A statewide caretaker period for local governments is proposed.
- All local governments across the State would have the same clearly defined election period, during which:
  - Councils do not make major decisions with criteria to be developed defining ‘major’
  - Incumbent councillors who nominate for re-election are not to represent the local government, act on behalf of the council, or use local government resources to support campaigning activities.
  - There are consistent election conduct rules for all candidates.

The Shire of Dandaragan supports this reform proposal.

### 5.7 Remove WALGA from the Act
- The Western Australian Local Government Association (WALGA) is constituted under the *Local Government Act 1995*.
- The Local Government Panel Report and the Select Committee Report included this recommendation.

- The Local Government Panel Report recommended that WALGA not be constituted under the *Local Government Act 1995*.
- Separating WALGA out of the Act will provide clarity that WALGA is not a State Government entity.

The Shire of Dandaragan supports this reform proposal.
### 5.8 CEO Recruitment

- Recent amendments introduced provisions to standardise CEO recruitment.
- The recruitment of a CEO is a very important decision by a local government.
- It is proposed that DLGSC establishes a panel of approved panel members to perform the role of the independent person on CEO recruitment panels.
- Councils will be able to select an independent person from the approved list.
- Councils will still be able to appoint people outside of the panel with the approval of the Inspector.

The Shire of Dandaragan supports this reform proposal.

<td></td>
<td></td>
</tr>
<tr>
<td>• Simpler Strategic and Financial Planning (item 6.2) would also improve the budgeting process.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**6.2 Simplify Strategic and Financial Planning**

| Requirements for plans are outlined in the Local Government Financial Management and Administration Regulations. | Having clear information about the finances of local government is an important part of enabling informed public and ratepayer engagement and input to decision-making. | The Shire of Dandaragan supports this reform proposal on the basis that the models provided represent minimum standards and allow Local Governments flexibility to add value to the templates and provide greater levels of information and planning. |
| There is also the Integrated Planning and Reporting (IPR) framework. | The framework for financial planning should be based around information being clear, transparent, and easy to understand for all ratepayers and members of the public. |  |
| While many councils successfully apply IPR to their budgeting and reporting, IPR may seem complicated or difficult, especially for smaller local governments. | In order to provide more consistency and clarity across the State, it is proposed that greater use of templates is introduced to make planning and reporting clearer and simpler, providing greater transparency for ratepayers. |  |
|  | Local governments would be required to adopt a standard set of plans, and there will be |  |
templates published by the DLGSC for use or adaption by local governments.
- It is proposed that the plans that are required are:
  - Simplified **Council Plans** that replace existing Strategic Community Plans and set high-level objectives, with a new plan required at least every eight years. These will be short-form plans, with a template available from the DLGSC
  - Simplified **Asset Management Plans** to consistently forecast costs of maintaining the local government’s assets. A new plan will be required at least every ten years, though local governments should update the plan regularly if the local government gains or disposes of major assets (e.g. land, buildings, or roads). A template will be provided, and methods of valuations will be simplified to reduce red tape
  - Simplified **Long Term Financial Plans** will outline any long term financial management and sustainability issues, and any investments and debts. A template will be provided, and these plans will be required to be reviewed in detail at least every four years
  - A new **Rates and Revenue Policy** (see item 6.3) that identifies the approximate value of rates that will need to be collected in future years (referencing the Asset Management Plan and Long Term Financial Plan) – providing a forecast to ratepayers (updated at least every four years)
  - The use of simple, one-page **Service
### CURRENT REQUIREMENTS | PROPOSED REFORMS | COMMENTS
--- | --- | ---

**Proposals** and **Project Proposals** that outline what proposed services or initiatives will cost, to be made available through council meetings. These will become **Service Plans** and **Project Plans** added to the yearly budget if approved by council. This provides clear transparency for what the functions and initiatives of the local government cost to deliver. Templates will be available for use by local governments.

#### 6.3 Rates and Revenue Policy

- Local governments are not required to have a rates and revenue policy.
- Some councils defer rate rises, resulting in the eventual need to drastically raise rates to cover unavoidable costs – especially for the repair of infrastructure.

- The Rates and Revenue Policy is proposed to increase transparency for ratepayers by linking rates to basic operating costs and the minimum costs for maintaining essential infrastructure.
- A Rates and Revenue Policy would be required to provide ratepayers with a forecast of future costs of providing local government services.
- The Policy would need to reflect the Asset Management Plan and the Long Term Financial Plan (see item 6.2), providing a forecast of what rates would need to be, to cover unavoidable costs.
- A template would be published for use or adoption by all local governments.
- The [Local Government Panel Report](#) included this recommendation.

The Shire of Dandaragan supports this reform proposal.

#### 6.4 Monthly Reporting of Credit Card Statements

- No legislative requirement.
- Disclosure requirements brought in by individual councils have shown significant reduction of expenditure of funds.

- The statements of a local government's credit cards used by local government employees will be required to be tabled at council at meetings on a monthly basis.
- This provides oversight of incidental local government spending.

The Shire of Dandaragan supports this reform proposal.
### CURRENT REQUIREMENTS | PROPOSED REFORMS | COMMENTS
---|---|---
**6.5 Amended Financial Ratios**
- Local governments are required to report seven ratios in their annual financial statements.
- These are reported on the MyCouncil website.
- These ratios are intended to provide an indication of the financial health of every local government.
- Financial ratios will be reviewed in detail, building on work already underway by the DLGSC.
- The methods of calculating ratios and indicators will be reviewed to ensure that the results are accurate and useful.
- The Shire of Dandaragan supports this reform proposal.

**6.6 Audit Committees**
- Local governments must establish an Audit Committee that has three or more persons, with the majority to be council members.
- The Audit Committee is to guide and assist the local government in carrying out the local government’s functions in relation to audits conducted under the Act.
- The Panel Report identified that Audit Committees should be expanded, including to provide improved risk management.
- To ensure independent oversight, it is proposed the Chair of any Audit Committee be required to be an independent person who is not on council or an employee of the local government.
- Audit Committees would also need to consider proactive risk management.
- To reduce costs, it is proposed that local governments should be able to establish shared Regional Audit Committees.
- The Committees would be able to include council members but would be required to include a majority of independent members and an independent chairperson.
- The Shire of Dandaragan supports the submission of WALGA and LG Professionals on this proposed reform.

**6.7 Building Upgrade Finance**
- The local government sector has sought reforms that would enable local governments to provide loans to property owners to finance for building improvements.
- This is not currently provided for under the Act.
- The Local Government Panel Report
- Reforms would allow local governments to provide loans to third parties for specific building improvements - such as cladding, heritage and green energy fixtures.
- This would allow local governments to lend funds to improve buildings within their district.
- Limits and checks and balances would be established to ensure that financial risks are
- The Shire of Dandaragan supports this proposed reform.

### 6.8 Cost of Waste Service to be Specified on Rates Notices

- No requirement for separation of waste changes on rates notice.
- Disclosure will increase ratepayer awareness of waste costs.
- The Review Panel Report included this recommendation.

- It is proposed that waste charges are required to be separately shown on rate notices (for all properties which receive a waste service).
- This would provide transparency and awareness of costs for ratepayers.

The Shire of Dandaragan supports this proposed reform.
