Subject: Stop Puppy Farming Submission
Date: Thursday, 26 July 2018 8:39:36 AM

Good morning

I hope that someone takes the time to read this submission. It has far reaching implications for reputable breeders. I do not breed on mass. I do all health checks and only breed to the best dogs available. I have had 3 litters in 6 years. I am not a puppy farmer, but will be caught up in this legislation.

I totally support the idea of stopping puppy farming. Stop puppies coming in from interstate. Sterilise the dogs in Broome and the north west. Tougher penalties on cruelty cases. Close down pet shops and stop Gumtree and other sites from advertising dogs. Public education with well informed adds on television. Educate the public.

Thank you.
