- 10 The Applicant's legal representation also made the following verbal submissions as summarised by the Commission:
- a. it is not disputed that a convention of a written law occurred;
 - b. the CCTV footage, at most, shows a quarrel with the staff member;
 - c. the Incidents were not intrinsically linked to the consumption of liquor;
 - d. the Applicant's conduct is of no threat to the public;
- [REDACTED]
- f. there is no concern of like behaviour occurring [REDACTED] and
 - g. to prevent the Applicant from [REDACTED] would create a significant disadvantage, including financial which far outweighs the seriousness of the Incident.

Submissions on behalf of the Commissioner of Police

- 11 The circumstances upon which the decision of the Respondent to issue the barring notice is based, are contained within the documents referred to above.
- 12 The representative for the Respondent submitted verbally the following (as summarised by the Commission):
 - a. the evidence submitted clearly establishes on the balance of probabilities that the Applicant contravened a written law on licensed premises;
 - b. the fact that the incident could be construed as a “quarrel” was not a matter relied upon for the basis of issuing the Notice;
 - c. there is no requirement under section 115AA that any incident must occur while the relevant party is intoxicated;
 - d. there may be no threat to the public as to violence or physical behaviour, however, the possible impact of not wearing a mask in practical terms may be immeasurable;
 - e. there is established reasons for wearing masks as directed to prevent the spread of COVID-19;
 - f. licensed premises and staff need to be protected;
 - g. with respect to the insignia, the relevant legislation was put in place to prevent the risk of violence in public places; and
 - h. although the Applicant may have “significant disadvantage” as a result of the Notice this must be balanced by requirements of the Act and the protection of the public.

Statutory Framework

- 13 The Commissioner of Police has the power to ban people from licensed premises pursuant to section 115AA of the Act if he believes on reasonable grounds that the person has, on licensed premises:
 - a. been violent or disorderly; or
 - b. engaged in indecent behaviour; or
 - c. contravened a provision of any written law.
- 14 The Commissioner may delegate the power conferred by section 115AA of the Act on any member of the police force or above the rank of Inspector pursuant to section 115AB of the Act.
- 15 A single incident is sufficient to give rise to a barring notice and there is no necessity for the relevant party to have engaged in a series of similar conduct.

- 16 Section 115AD(3) provides that where a person is dissatisfied with the decision of the Commissioner of Police to give the notice, the person may apply to the Commission for a review of the decision.
- 17 Section 115AD of the Act provides, at subsection (6), that when conducting a review of the decision, the Commission may have regard to the material that was before the Commissioner of Police when making the decision as well as any information or document provided by the Applicant.
- 18 Subsection 115AD(7) also provides that on a review the Commission may affirm, vary or quash the relevant decision.
- 19 The Act also in section 16 prescribes that the Commission:
- a. may make its determinations on the balance of probabilities [sub section (1)]; and
 - b. is not bound by the rules of evidence or any practices or procedures applicable to courts of record, except to the extent that the licensing authority adopts those rules, practices or procedures or the regulations make them apply [subsection (7)(a)]; and
 - c. is to act according to equity, good conscience and the substantial merits of the case without regard to technicalities and legal forms [subsection (7)(b)];”
- 20 In 2010, the Act was amended “*to give protection to the general public from people who have engaged in disorderly or offensive behaviour, who threaten people and who put people in dangerous situations*” (Minister’s statement to the House, Western Australia, Parliamentary Debates, Legislative Assembly 19 October 2010, 7925).
- 21 The Minister further stated that the legislation gave the Respondent the power to issue barring notices to persons engaging in antisocial behaviour at licensed premises.
- 22 Section 5 of the Act sets out the objects of the Act. In subsection (1)(b) one of the primary objects of the Act is to minimise harm or ill health caused to people, or any group of people, due to the use of liquor. Subsection (2) provides for various secondary objects, including to provide adequate controls regarding the sale, disposal and consumption of liquor and the persons directly or indirectly involved in the same.
- 23 In light of the primary and secondary objects of the Act, the effect of a barring notice on a recipient, whilst it may have a detrimental effect on the recipient, is not meant to be seen as a punishment imposed upon the recipient but is to be seen as a protective mechanism (*Van Styn v Commissioner of Police* (LC19/2011)).

Determination

- 24 The Commission finds, and it was not in dispute that:
- a. there were reasonable grounds for believing that the Applicant had contravened a provision of a written law; and
 - b. there was a proper basis for the delegate of the Commissioner to exercise the power conferred by section 115AA of the Act.
